FORMATION OF NEW GREEK GOVERNMENT IS REPORTED

MAKEUP OF REGIME AWAITED

Well-Informed Berlin Newspaper Declares Latest Developments at Athens Constitutes Reorientation to "The Publicly Expressed Concepts of Axis Powers and Their Program for New Order in Europe"

SURSUIT OF ALLIES IS BEING CONTINUED

Berlin, April 30.—(P)—The well-informed commentary Dienst Deutschland said today that new Greek government had been formed and added that this is viewed in Berlin as "the actual end of the war in Greece." (Presumably the commentary referred to a government set up in the Greek mainland to cooperate with German forces of occupation.)

Dienst said this constituted Greek reorientation to "the publicly expressed concepts of the axis powers and their program for the European new order." Earlier a Wilhelmstrasse spokesman said that the full text of a declaration by the new regime still was awaited.

By the Associated Press
Berlin, April 30.—Motorized forces in "sharp pursuit" of Allied troops in Greece have advanced to the southern ports of Peloponnese, cutting the British retreat by sea, the German High Command announced today.

"In this action up to date," the magazine said, "5,000 Britons, including one general, as well as numerous Serbs, among whom are four generals and an additional 300 officers, were taken prisoners." Discussing reports that a new government had been formed in Greece now virtually occupied by Germany, a Wilhelmstrasse spokesman said the full text of the new regime's declaration still was awaited.

The Wilhelmstrasse apparently was watching political developments there with interest. The spokesman explained that it was premature to comment on possible collaboration between Germany and the new Greek government.

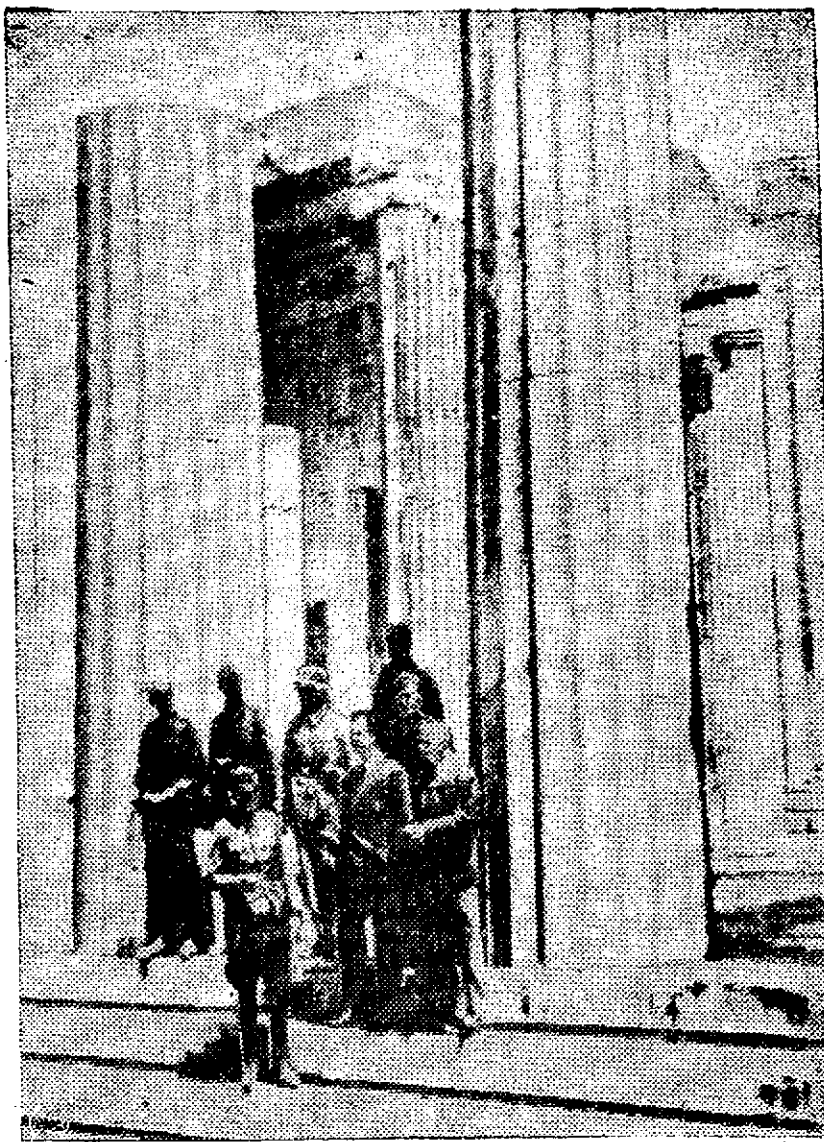

Informed sources added, however, that the full text of the declaration might lead observers to reach certain conclusions with respect to collaboration. Germany claimed destruction of 7 "enemy" planes in the past two days and told of a destructive harassing aerial sweep reaching over Malta in the Mediterranean and England and her shipping lanes. Acknowledging loss of only six German planes in that period, the supreme command and other German sources reported a new overnight bombardment of the south-eastern England naval base of Plymouth as well as industrial plants, harbors and airports on the southeast coast.

Great Britain and 21 American Republics Said to be in Agreement on Plan to Make Advantageous Use of 160 Refugee Vessels

FORMULA WORKED OUT

BY LLOYD LEHRBAS
Washington, April 30.—(P)—Great Britain and the 21 American republics were reported near a compromise today that would make possible the mutually advantageous use of some 160 foreign vessels, now idle refugees in hemisphere ports.

In brief, it would enable Britain to acquire any "surplus" shipping that remained after Pan-American needs are met.

Forecasts that acceptance of such a working formula was imminent followed two conferences between Viscount Halifax, the British ambassador, and Undersecretary of State Welles.

All Citizens in Warren and Surrounding Communities Invited to Participate in Exercises Thursday Afternoon at Municipal Building

GIRL SCOUTS PROJECT

All citizens of Warren and surrounding towns are invited to join in the combined Americanism and Health Day ceremony which will be held by the Warren County Council of Girl Scouts at 4:15 o'clock tomorrow afternoon in front of the municipal building on Third avenue.

The short program will open with the pledge of allegiance and all present will be asked to join in this renewal of loyalty to the country. The flag guard for this portion of the ceremonial will be Ruth Joyce Anderson, Joanne Beyer, Audrey Devine and Shirley Benson.

Three scrolls bearing the names of Girl Scouts, Brownie Scouts and adult members of the organization, who have enlisted in the Girl Scout personal health project, will be presented by Ruth Bengston, representing the Brownies; Jean Colley, for the intermediate Scouts; Phyllis Hathaway, representing senior Scouts. Bearers of health slogan placards will be Barbara Benson, Jean Crossett and Rachel Smith.

Burgess R. W. Steber will receive the scrolls and respond in a short address. Retirement of the colors will mark the close of the ceremonial.

NORTHERN FIELDS IN OPERATION

Representatives of Two Groups Seek An Agreement on Temporary Plan For Applying Producers' Proposed Dollar Day Wage Increase Pending Negotiations of New Scale Applicable for Next Two Years

100,000 CALLED BACK IN PENN'A DISTRICTS

Washington, April 30.—(P)—Southern coal producers and John L. Lewis' United Mine Workers Union, stalled in their first attempts to agree on a temporary wage basis for reopening southern mines, resumed their joint negotiations today amid reports that 50 per cent of the northern coal fields are back in operation.

Representatives of the two groups are seeking an agreement on a temporary plan for applying the southern producers' proposed \$1 a day wage increase in the south pending negotiation of a new wage scale applicable for the next two years.

The joint conferences were resumed after Lewis reported to his union policy committee the course of yesterday's joint talks and the reported difficulty encountered by the two sides in applying a temporary wage boost to some classifications of mine workers.

The conference room snag prevented the union miners from returning to work in southern fields at the same time as their northern union colleagues.

The estimate of a 50 per cent production underway in northern fields came from union sources on the basis of reports made at the policy committee meeting.

The CIO United Mine Workers Union and southern producers spent nearly nine hours in conference yesterday without reaching a temporary agreement for resuming production in the south pending a final wage contract, and another session was scheduled today.

Shortly before midnight, union and mine representatives announced rather gloomily that the details had not been agreed upon for resuming work in southern mines which produce approximately 30 per cent of the nation's coal.

Plan Experimental Induction Centers

Harrisburg, April 30.—(P)—Pennsylvania has been set aside as a testing ground by the U. S. army for an experiment in accepting or rejecting a draftee before he reaches an induction center.

Authorities disclosed last night army examination centers will be established in Philadelphia, Pittsburgh, Altoona, Harrisburg and Wilkes-Barre. A man accepted for military service by his local draft board will be sent to these centers and given an army medical test.

He will have another 30 days after that to quit his job and sever other civil pursuits in preparation for a year's military training.

Officials said the plan would be adopted nationally if it is satisfactory in this state. It was devised to prevent men from severing their personal ties and then being rejected for service.

45,000 BRITISH TROOPS SAFELY OUT OF GREECE

Foreign Office News Department Issues Translation of Message to Imperial Government Advising Withdrawal of Forces

RHINELAND BATTERED

By The Associated Press
London, April 30.—Three-quarters of the 60,000 soldiers Britain sent to Greece, pulled out on the Greek's own counsel that further resistance was futile, so far have been saved to fight again on other fronts, an authoritative source declared today.

This was the first precise indication here of how Britain had fared in withdrawing her expeditionary force under the twin blows of Nazi panzer divisions swiftly rolling back the Greek front and German air squadrons hammering getaway ships and harbors.

Removal of 45,000 men and listing of 3,000 casualties left 12,000 of the original 60,000 unaccounted for, it was reported.

(The German High Command, reporting Nazi motorized forces in sharp pursuit of the British to block their flight across the sea, said that so far 5,000 Britons, including one general, have been taken prisoner in Greece.)

In Cairo, the middle east command war bulletin said simply that the withdrawal from Greece is "continuing satisfactorily."

Because it felt that further bloodshed would be useless to the Allies, the government said, Greece advised the British on April 21 to withdraw their forces and avoid vain sacrifices.

On April 21, Greece's Epirus and Macedonia armies were negotiating surrender, other Greeks and the British were falling back across the Thessaly plains and resistance had turned into mere bit-and-piece delaying actions. The Germans then were beyond Larissa and Metsovon pass and, two days earlier, had planted their flag over Mount Olympus.

Washington, April 30.—(P)—The Senate foreign relations committee by a vote of 13 to 10 refused today to report out a resolution which would have prohibited the use of convoys without congressional sanction. A member of the committee who left his colleagues shortly after the vote was taken disclosed the action.

Pending before the body were resolutions by Senators Tobey (R-NH) and Nye (R-ND) restricting the use of convoys. Nye's resolution would have required that the president request of congress permission to use naval forces in guarding shipments to warring nations, with a provision that congressional approval would have to be granted within 14 days if such action were to be taken.

Berlin, April 30.—(P)—American ships venturing into the war zone will be torpedoed, a German spokesman reiterated today with reference to the statement attributed to President Roosevelt that United States vessels could be sent into the war zone.

The American president was quoted as telling a press conference that the United States had not recognized the combat area defined by the Axis and, therefore, was at liberty to navigate such waters.

(President Roosevelt told his press conference yesterday that United States naval vessels were not prohibited from entering combat areas.)

INTERIOR DEPT ASKS FOR FUND OF \$177,019,078

Washington, April 30.—(P)—The House appropriations committee recommended a \$177,019,078 appropriation for the Interior Department today—\$21,469,245 more than it had in the current year, but \$8,325,270 below the amount approved by the budget bureau.

The increase over this year's appropriation, the committee said, was due primarily to the need for acceleration of the construction of power facilities "which are of great importance to national defense."

Specifically, the committee referred to an increase of \$11,358,500 for Bonneville dam transmission and substitution facilities which officials testified were urgently needed to supply expanding defense industries in the Pacific northwest.

The committee recommended \$78,934,000 for the reclamation bureau which it said was "fully justified by the tremendous importance of reclamation to the national defense program." The reclamation item was \$4,200,000 below the figure approved by the budget bureau.

The committee disallowed \$987,500 sought by the geological survey for topographical mapping of "strategic areas" and while expressing "serious doubt" whether the work was essential for military purposes, said that in any event the money should be provided in a war department bill.

Large Crowd of Friends and Relatives Joined by Citizens' Committee at Farewell Shortly Before Noon Today

NEXT GROUP SUNDAY

Twenty-three Warren county young men left by bus at 11:50 this morning for Pittsburgh, where they are to take their final examinations prior to induction into the U. S. Army for a year's training under the Selective Service system.

As in the past, there was a large crowd of friends and relatives on hand at the bus terminal to bid farewell to the group. Members of the Citizens' Committee of Warren also were present to help give the young men a send-off. This committee presented the boys with candy, gum and cigarettes prior to their departure.

Although there were to have been 24 men in the group which left today, the number was reduced by one when a four-day deferment was granted to Frank A. Gelotte, of Warren, because of illness in the family.

Another contingent will leave here for Pittsburgh on Sunday afternoon at 4:40 o'clock. There will be nine men in this group, including eight in the regular May 4 call and the one man granted a deferment from today's group.

Selective Service headquarters in Harrisburg today announced the Army has chosen Pennsylvania for a new procedure in medical examinations. Starting in May, a selectee will be given an Army examination after he has been accepted by his local board and before he reports to an induction center. In this way, authorities said, men will not be rejected after they once have severed their civil ties.

While local Selective Service boards have received an intimation that the new procedure is to be put into effect, no definite word as to when it will start has been received, it was stated this morning.

It was pointed out that the large number of rejections after the men have reached the induction centers has caused difficulty in obtaining examining physicians for the various local boards throughout the state and that this has been a factor in the decision to try the new method of examinations.

Selective Service questionnaires have been mailed by Local Board No. 2 within the past two days to one hundred additional young men in Warren county. These men have order numbers from 928 to 1023, inclusive. They are as follows:

Norman M. English, R. D. 2, Akeley; Burr E. Burroughs, 180 Carolina street, Buffalo, N. Y.; Eugene H. Eriksen, Youngsville; Michael H. Stock, Youngsville; Lewis O. Peterson, Youngsville; Arthur W. Scheerer, R. D. 1, Warren; Walter H. Hall, Star Route 2, Sheffield; John T. Chandler, Sugar Grove; John M. Hansen, R. D. 2, Corry; Cecil E. Dunham, R. D. 1, Corry. (Turn To Page Six)

FRISCO CLUB MANAGER IS INJURED IN BRAWL

Hollywood, April 30.—(P)—Frank (Lefty) O'Doul, the San Francisco Seals' baseball manager, was struck in the eye with a bottle early today in the cocktail room of the Hollywood Roosevelt Hotel.

Edward Ramies, a friend of O'Doul, told police a stranger began kidding O'Doul about the Seals' 12-9 loss to Los Angeles yesterday.

RUSS BAN IS SCORED IN LONDON

Less Optimistic Observers In British Circles Discard Talk of Cooling of Berlin-Moscow Relations As Result of Restriction on Transit of War Materials and Interpret It As "Window Dressing"

GREAT IMPORTANCE ATTACHED TO MOVE

By the Associated Press
London, April 30.—British circles expressed hope today a Soviet Russian ban on transit of war materials across the U. S. S. R. would result in the closing of one of Germany's vital supply routes.

Some quarters interpreted the left Russian action—reported in a Reuters (British News Agency) dispatch from Moscow last night—as an expression of Moscow's disapproval of German expansion in southeastern Europe.

Less optimistic observers, however, discounting talk of cooling German-Russian relations, said they interpreted the ban as "more window dressing than anything else."

Despite this disagreement on the significance, most economic experts agreed the development was loaded with potential importance.

There have been repeated assertions here that large quantities of machine tools and other vital commodities purchased by Russia from the United States were finding their way into Germany, thus circumventing the British blockade.

Also last January 28, Hugh Dalton, minister of economic warfare, told Commons that Russia was buying cotton, copper, machinery and wheat from the United States to replace the huge consignments being sent from the Soviet to Germany.

(Soviet Russia signed a new economic agreement with Germany last January 10, under which she agreed to supply Germany with large quantities of industrial raw materials and oil products in return for German manufacturers.)

C. I. O. COUNCIL TO AID BRIDGES

Harrisburg, April 30.—(P)—The Pennsylvania Industrial Union Council (CIO) voted unanimously today to support Harry Bridges, west coast maritime union official, against what it termed the "gestapo-like methods of the United States Department of Justice."

The council's fourth annual convention gave unanimous approval to the resolution supporting Bridges, after it had been introduced from the floor by Clyde M. Drake, member of the National Maritime Union, from Marcus Hook, Pa.

John Brophy, director of Industrial Union Councils, told the convention that the CIO "stands foursquare for the defense of the Democratic cause both at home and abroad."

He stated that "under the guise of national defense the knife is out for organized labor," the council's annual convention turned its attention to the workman's responsibilities in the preparedness program.

Most of the day—second of the three-day meeting—was set aside for discussions of the defense program.

GEN. JOHNSON'S REAPPOINTMENT IS TURNED DOWN

Washington, April 30.—(P)—President Roosevelt has declined to reappoint Hugh S. Johnson a brigadier general in the army reserve corps.

The president's press secretary, Stephen Early, announced that action today and said that personal allergies did not enter into it.

Johnson was head of the old NRA and in recent years has been lecturing and writing a newspaper column. At times he has been severely critical of the administration.

Early read to reporters excerpts from a letter sent to Johnson on behalf of the president, by Mr. Roosevelt's secretary and military aide, Major General E. M. Watson.

The letter said the chief executive felt very strongly that in the present emergency, reappointment of general officers who are eligible by reason of age, to the reserve corps, should be restricted to those whose employment in active service is anticipated, and that only after the physical fitness of the officer has been investigated to the satisfaction of army doctors.

Early said Johnson was eligible for reappointment on the score of his age, as he is only 58. He had been recommissioned previously for three five-year periods. During that time, Early said, Johnson had not been on active duty or in direct touch with the army.

Edward Ramies, a friend of O'Doul, told police a stranger began kidding O'Doul about the Seals' 12-9 loss to Los Angeles yesterday.

O'Doul asked the stranger to leave and a fight followed in which, Ramies said, the man hit O'Doul with a bottle, then fled.

Democrats Call State Committee Meeting In May to Endorse Appellate Court Slate

Harrisburg, April 30.—(P)—Secretary Paul C. Lewis announced today the Democratic state committee would be summoned to the capital during the last two weeks in May to endorse candidates for two appellate court seats at stake in the November elections.

The actual date will be fixed later.

Lewis and Democratic National Committeeman David L. Lawrence declared the party would "definitely" state candidates to oppose the Republican nominees. At the same time James F. Torrance said his party's state committee would not endorse a ticket. He said, how-

Large Crowd of Friends and Relatives Joined by Citizens' Committee at Farewell Shortly Before Noon Today

Twenty-three Warren county young men left by bus at 11:30 this morning for Pittsburgh, where they are to take their final examinations prior to induction into the U. S. Army for a year's training under the Selective Service system.

As in the past, there was a large crowd of friends and relatives on hand at the bus terminal to bid farewell to the group. Members of the Citizens' Committee of Warren also were present to help guide the young men a send-off. This committee presented the boys with candy, gum and cigarettes prior to their departure.

Although there were to have been 24 men in the group which left today, the number was reduced by one when a four-day deferment was granted to Frank A. Gelotte, of Warren, because of illness in the family.

Another contingent will leave here for Pittsburgh on Sunday afternoon at 4:40 o'clock. There will be nine men in this group, including eight in the regular May 4 call and the one man granted a deferment from today's group.

Selective Service headquarters in Harrisburg today announced the Army has chosen Pennsylvania for a new procedure in medical examinations. Starting in May, a selectee will be given an Army examination after he has been accepted by his local board and before he reports to an induction center. In this way, authorities said, men will not be rejected after they once have severed their civilian ties.

While local Selective Service boards have received an intimation that the new procedure is to be put into effect, no definite word as to when it will start has been received, it was stated this morning.

It was pointed out that the large number of rejections after the men have reached the induction centers has caused difficulty in obtaining examining physicians for the various local boards throughout the state and that this has been a factor in the decision to try the new method of examinations.

Selective Service questionnaires have been mailed by Local Board No. 2 within the past two days to one hundred additional young men in Warren county. These men have order numbers from 926 to 1025, inclusive. They are as follows:

Norman M. English, R. D. 2, Akeley; Burr E. Burroughs, 180 Carolina street, Buffalo, N. Y.; Eugene H. Eriksen, Youngville; Michael H. Stock, Youngville; Lewis O. Peterson, Youngville; Arthur W. Scheerer, R. D. 1, Warren; Walter H. Hall, Star Route 2, Sheffield; John T. Chandler, Sugar Grove; John M. Hansen, R. D. 2, Corry; Cecil E. Dunham, R. D. 1, (Turn to Page Six)

Harrisburg, April 30.—(P)—The Pennsylvania Industrial Union Council (CIO) voted unanimously today to support Harry Bridges, west coast maritime union official, against what it termed the "gestapo-like methods of the United States Department of Justice."

The council's fourth annual convention gave unanimous approval to the resolution supporting Bridges after it had been introduced from the floor by Clyde M. Drake, member of the National Maritime Union, from Marcus Hook, Pa.

John Brophy, director of Industrial Union Councils, told the convention that the CIO "stands foursquare for the defense of the Democratic cause both at home and abroad."

He warned that "under the guise of national defense the knife is out for organized labor," the council's annual convention turned its attention to the workman's responsibilities in the preparedness program.

Most of the day—second of the three-day meeting—was set aside for discussions of the defense program.

Lewis and Democratic National Committeeman David L. Lawrence declared the party would "definitely" state candidates to oppose the Republican nominees. At the same time James F. Torrance said his party's state committee would not endorse a ticket. He said, how-

ever, it was the G. O. P. policy to back sitting judges who seek reelection.

The posts to be contested are those held by Justice William H. Parker of the Supreme Court and Judge Charles E. Kenworthy of the Superior Court, both Republicans appointed by Governor James. Their terms expire January 1. Neither has indicated as yet whether he would campaign for the full term, 21 years for the Supreme Court and 10 years for the superior bench.

The political discussions looking forward to the September primary and November "off-year" election turned attention for a time from the legislature which pledged to ward the end of its 16th week.

RUSS BAN IS SCORED IN LONDON

Less Optimistic Observers In British Circles Discount Talk of Cooling of Berlin-Moscow Relations As Result of Restriction on Transit of War Materials and Interpret It As "Window Dressing"

GREAT IMPORTANCE ATTACHED TO MOVE

By the Associated Press
London, April 30.—British circles expressed hope today a Soviet Russian ban on transit of war materials across the U. S. S. R. would result in the closing of one of Germany's vital supply routes.

Some quarters interpreted the Russian action—reported in a Reuters (British News Agency) dispatch from Moscow last night—as an expression of Moscow's disapproval of German expansion in southeastern Europe.

Less optimistic observers, however, discounting talk of cooling German-Russian relations, said they interpreted the ban as "more window dressing than anything else."

Despite this disagreement on the significance, most economic experts agreed the development was loaded with potential importance.

There have been repeated assertions here that large quantities of machine tools and other vital commodities purchased by Russia from the United States were finding their way into Germany, thus circumventing the British blockade.

Also last January 28, Hugh Dalton, minister of economic warfare, told Commons that Russia was buying cotton, copper, machinery and wheat from the United States to replace the huge consignments being sent from the Soviet to Germany.

(Soviet Russia signed a new economic agreement with Germany last January 10, under which she agreed to supply the Reich with large quantities of industrial raw materials and oil products in return for German manufactures.)

(The amounts involved were not disclosed, but the official German (Turn to Page Six)

Plans Go Forward For Intensive Portion of Community Chest Drive Which Starts Monday Morning

With solicitation already started in the various special groups of the 1941 Community Chest campaign to raise \$41,800 to finance the work of seven participating agencies of Warren, plans are going forward for the opening of the intensive portion of the drive next Monday morning at eight o'clock. It was stated today by the Rev. E. Pinkney Wroth, Chest president.

Mrs. H. P. Stone, chairman of the women's division, which will carry on the general campaign, reported this morning that the enlistment of team personnel is near completion and that she expects to have a full organization before the first meeting of the group on Friday morning at 10:30 o'clock at the Y. W. C. A.

At that meeting, prospects will be selected for the solicitation which will take place the following week. The intensive portion of the campaign, which opens Monday, May 5, will continue through Friday, May 9. Dinner meetings will be held at the Y. W. C. A. on Monday, Tuesday and Friday evenings, it was stated.

All persons not reached through the group solicitation will be contacted by the women's division. Yesterday afternoon at 4:30 o'clock the industrial division of the campaign, headed by H. W. Conwango, held a meeting at the Conwango Club. At that time there were about 40 industrial executives present and supplies were distributed for the solicitation of workers in the various industries. Today the division's active solicitation got under way in the plants of the borough.

This morning at eight o'clock the mercantile division under the leadership of T. L. Armstrong, held a breakfast meeting at the Gaymans Company where supplies were distributed. About 70 firms are listed in this division.

Initial reports in the various divisions will be presented at the dinner meeting next Tuesday evening at the Y. W. C. A., it was stated. By that time it is expected that a large portion of the group solicitation will be completed and the women's division will be well started on the general campaign.

TIMES TOPICS

4-H CLUB MEETING
The Canadensis Valley 4-H Club will meet on Tuesday, May 6, at four o'clock, it was announced today by Mrs. Thelma Pendergast, home economics extension supervisor.

BOWLING DINNER
The annual duck dinner of the Conwango Club will be held tomorrow evening, with the club's league bowlers as guests. Championship awards will be made to the members of the Pettibone team and sweepstakes prizes will be distributed.

NEW STREET SIGNS
Borough employees are now placing the new concrete street signs which were built during the winter and which will add much to the appearance of the city, as well as serving as an aid to strangers. The posts are to carry the names of the streets on four sides, the names to be stencilled on.

AT WHITE HOUSE INN
It was announced today that the management of the White House Inn is giving the public something this week which has never before been presented in a local night club. The entertainment consists of surprises, old time movies, floor shows, an orchestra and dancing, all in one night.

CRASH AT BARNES
Private Joseph Ruffa, of the State Motor Police, was in Barnes yesterday, investigating a crash between a school bus and a CCC truck. The accident occurred on Route 636 about eight o'clock in the morning when a bus driven by Harry W. Lewis, of Brookston, sideswiped the truck while passing. The truck was operated by Harold H. Bush, 407 Lincoln avenue, this city. The bus was damaged to the extent of \$45, while a broken rear reflector was the only damage to the truck.

Expect Large Crowd To Attend Program At The Post Office

It is expected that a large crowd will be on hand at the post office tomorrow morning at 7:30 o'clock when special ceremonies will mark the opening of the sale of national defense savings bonds and stamps. The program, to be held at the Third Avenue entrance of the post office, will be carried out as announced yesterday by Postmaster James K. Bell and it is expected that it will provide an impetus for a large sale of the bonds and stamps in Warren.

ACTION, COMEDY, LAUGHTER
IN DOUBLE BILL AT THE
COLUMBIA WEDNESDAY,
THURS. AND FRIDAY.

"Come Live With Me"
A high spot in motion picture entertainment opens Wednesday, Thursday and Friday at the Columbia Theatre where "Come Live With Me", co-starring James Stewart and Hedy Lamarr, opened for an engagement of three days. No happier combination could possibly have been found than the conservative and bashful Stewart plus the glamorous Lamarr in a story tailor-made for both of them.

Lamarr in a story tailor-made for both of them.

"Footlight Fever"
On the heels of their success in "Curran Call", Alan Montgomery and Donald MacBride are teamed in the top roles of the hilarious new farce, "Footlight Fever", with Elisabeth Risdon as their foil. Cast as two Broadway producers who resort to fantastic methods to obtain financing for their latest play, the funsters are said to keep the suspense high the action fast and the laughs crowding. The three are said to surpass their recent triumph in "Curran Call". Lee Bonnell, Elva Knox, Chas. Quigley and Georgia Backus have other principal roles in this RKO Radio picture directed by Irving Reis.

DOUBLE FEATURE AT TRACTION AT LIBRARY WED. AND THURSDAY

"Las Vegas Nights"
Four times rapidly rising to popularity on the radio and on the dance floors of the country, are introduced in the new Paramount comedy with music, "Las Vegas Nights", which opens Wednesday and Thursday at the Library Theatre, featuring Tommy Dorsey and his orchestra and Bert Wheeler, at the head of an exceptionally talented entertainment cast.

"The songs heard in the picture are 'Dolores', 'Moments Like This', 'Mary, Mary, Quite Contrary' and 'I Gotta Ride'. 'Dolores' is the work of Frank Loesser and Louis Alter and the other three songs hits were written by Loesser and Burton Lane.

"Rage in Heaven"
James Hilton, author of "Good-bye, Mr. Chips" and "Lost Horizon", has contributed another fascinating story to the screen in "Rage in Heaven", starring Robert Montgomery and Ingrid Bergman, and coming Wednesday and Thursday to the Library scene.

It is a suspenseful thriller, based on a "perfect crime" with Montgomery at his best in the powerful role of a man destroyed by his own emotions. Montgomery plays Philip Monte, who is inferiorly complex, sums the happiness he could have with his beautiful wife portrayed by Miss Bergman. Convinced that she really loves his best friend, with George Sanders in the role, he plots a crime that will remove his rival.

Plans Go Forward For Intensive Portion of Community Chest Drive Which Starts Monday Morning

With solicitation already started in the various special groups of the 1941 Community Chest campaign to raise \$41,800 to finance the work of seven participating agencies of Warren, plans are going forward for the opening of the intensive portion of the drive next Monday morning at eight o'clock. It was stated today by the Rev. E. Pinkney Wroth, Chest president.

Mrs. H. P. Stone, chairman of the women's division, which will carry on the general campaign, reported this morning that the enlistment of team personnel is near completion and that she expects to have a full organization before the first meeting of the group on Friday morning at 10:30 o'clock at the Y. W. C. A.

At that meeting, prospects will be selected for the solicitation which will take place the following week.

The intensive portion of the campaign, which opens Monday, May 5, will continue through Friday, May 9. Dinner meetings will be held at the Y. W. C. A. on Monday, Tuesday and Friday evenings, it was stated.

All persons not reached through the group solicitation will be contacted by the women's division. Yesterday afternoon at 4:30 o'clock the industrial division of the campaign, headed by H. W. Conarro, held a meeting at the Conewango Club. At that time there were about 40 industrial executives present and supplies were distributed for the solicitation of workers in the various industries. Today the division's active solicitation got under way in the plants of the borough.

This morning at eight o'clock the mercantile division under the leadership of T. L. Armstrong, held a breakfast meeting at the Geracimos Company, where supplies were distributed. About 70 firms are listed in this division.

Initial reports in the various divisions will be presented at the dinner meeting next Tuesday evening at the Y. W. C. A., it was stated. By that time it is expected that a large portion of the group solicitation will be completed and the women's division will be well started on the general campaign.

Expect Large Crowd To Attend Program At The Post Office

It is expected that a large crowd will be on hand at the post office tomorrow morning at 7:55 o'clock when special ceremonies will mark the opening of the sale of national defense savings bonds and stamps.

The program, to be held at the Third Avenue entrance of the post office, will be carried out as announced yesterday by Postmaster James K. Bell and it is expected that it will provide an impetus for a large sale of the bonds and stamps in Warren.

Members of the Citizens' Committee of Warren, who are sponsoring tomorrow's program in conjunction with Postmaster Bell, today urged all residents of the borough to attend the exercises if at all possible.

ACTION, COMEDY, LAUGHTER IN DOUBLE BILL AT THE COLUMBIA WEDNESDAY, THURS AND FRIDAY.

"Come Live With Me"
A high spot in motion picture entertainment opens Wednesday, Thursday and Friday at the Columbia Theatre, where "Come Live With Me", co-starring James Stewart and Hedy Lamarr, opened for an engagement of three days. No happier combination could possibly have been found than the conservative and bashful Stewart plus the glamorous

Lamarr in a story tailor-made for both of them.

"Footlight Fever"

On the heels of their success in "Curtain Call," Alan Mowbray and Donald MacBride, are teamed in the top roles of the hilarious new farce, "Footlight Fever," with Elisabeth Risdon as their foil. Cast as two Broadway producers who resort to fantastic methods to obtain financing for their latest play, the funsters are said to keep the suspense high, the action fast and the laughs crowding. The three are said to surpass their recent triumph in "Curtain Call."

Lee Bonnell, Elyse Knox, Chas. Quigley and Georgia Backus have other principal roles in this RKO Radio picture directed by Irving Reis.

DOUBLE FEATURE AT TRACTION AT LIBRARY WED. AND THURSDAY

"Las Vegas Nights"

Four tunes rapidly rising to popularity on the radio and on the dance floors of the country, are introduced in the new Paramount comedy with music, "Las Vegas Nights," which opens Wednesday and Thursday at the Library Theatre, featuring Tommy Dorsey and his orchestra and Bert Wheeler at the head of an exceptionally talented entertainment cast.

The songs heard in the picture are "Dolores," "Moments Like This," "Mary, Mary, Quite Contrary" and "I Gotta Ride." "Dolores" is the work of Frank Loesser and Louis Alter and the other three song hits were written by Loesser and Burton Lane.

"Rage in Heaven"
James Hilton, author of "Good-bye, Mr. Chips" and "Lost Horizon," has contributed another fascinating story to the screen in "Rage in Heaven," starring Robert Montgomery and Ingrid Bergman, and coming Wednesday and Thursday to the Library screen.

It is a suspenseful thriller, based on a "perfect crime" with Montgomery at his best in the powerful role of a man destroyed by his own emotions.

Montgomery plays Philip Monrell, whose inferiority complex ruins the happiness he could have with his beautiful wife, portrayed by Miss Bergman. Convinced that she really loves his best friend, with George Sanders in the role, he plots a crime that will remove his rival.

WEEVIL COMMON INSECT IN PINE TREE SECTIONS

The most common insect found in the White Pine forest tree plantations in Pennsylvania is the White Pine Weevil. This weevil often kills the terminal shoots of White Pine and Norway Spruce trees, retards their growth, and may kill the young pines entirely. The results are severe on cold wet soils. During the mating season in April and May, preferably on bright warm days, the weevils may be picked from the terminal shoots and crushed or killed in some other manner. Terminal shoots attacked by the weevil should be cut as they wilt and burned before July 15th. This will destroy the larvae (little white worms hatched from the eggs), which, if not killed will develop into mature weevils by late July or early August and do damage to pine trees the following year. A practical way to plant White Pine is in mixture with other trees: Pitch Pine, Norway or White Spruce, Japanese Larch Red Oak and White Ash are suitable to mix with White Pine. Planting the White Pine in a mixture tends to lessen the weevil damage.

Another disease of the White Pine is the White Pine Blister Rust. This is a very fast spreading disease which attacks all five-needled pines of which the eastern White Pine is the major species in this section of the country. Fortunately the disease can be controlled in so far as individual stands or plantations are concerned. It is a fungus which must have another species of plant, known as an alternate host plant, upon which to spend part of its life cycle. The disease spreads from the White Pine to the under sides of currant and gooseberry leaves (belonging to the genus Ribes), thence back to the pines. Both the cultivated and wild gooseberry and currant plants are susceptible to the disease and capable of spreading it.

The fortunate factor which makes the disease controllable is that the rust cannot spread directly from Pine to Pine, but must go to the Ribes and thence to the Pine. The practical protection and control measure consists of removing all currant and gooseberry bushes growing within 900 feet of the White Pine trees.

The spread of the disease cannot be prevented however, because, although the spores of the disease cannot remain alive over a distance of 900 feet in traveling from the Ribes to the White Pine, they can travel many miles from the White Pine back to the Ribes and still remain alive. For this reason we cannot protect individual stands or plantations but cannot completely control the spread of the disease.

Annual Health Day Observance to Be Held Here Tomorrow Evening; Control of Cancer Is Discussion

Much interest has been aroused in the current educational campaign towards the control of cancer, promoted by medical and other health groups throughout the United States, and it is hoped that the high school auditorium will be filled to capacity tomorrow evening at 8:15 o'clock for the motion picture and two addresses which comprise the program for the third annual local observance of Health Day.

There is no admission for this educational program and anyone interested is invited by the sponsor, the Warren County Medical Society and Auxiliary, working in cooperation with the Women's Field Army of the American Society for the Control of Cancer.

Dr. L. J. Abell, who is a former president of the American College of Surgeons and is acting as liaison officer between the government and organized medicine in relation to the national defense program, places stress on three factors upon which cure of cancer depends. These are early diagnosis, involvement of an accessible organ and treatment demonstrated by time and experience as effective.

"As a result of the application of scientific medical knowledge," he says, "and that chiefly of a preventive character, we have developed a society which, for the first time in history, shows a large number of people in the upper age levels. This fact has a particular implication as regards cancer. Since 90 per cent. of all cancers occur after the age of 40, the explanation for the increased incidence of the disease is at hand, and, as well, the incentive for bringing to more and more people knowledge regarding the conditions in which cancer is known to develop and the signs and symptoms that may indicate its presence."

"The recorded thousands that are now living and well from five to 25 years after appropriate treatment of cancer afford indisputable proof that the disease is curable. There can be no excuse other than ignorance of procreation for failure to treat early the cancers that are exposed to view or readily detectable upon palpation. The line of safety for lay people is prompt and competent investigation of all lumps, all ulcers, all skin defects as soon as noted regardless of whether or not they are a source of discomfort. The inward cancers make known their presence by interference with function of the organ involved."

"The objective which all should strive to attain is recognition and treatment of the disease before dissemination or spread occurs. When education brings this possibility into the realm of accomplishments, it will at the same time dissipate the gloom with which the disease has been enshrouded and save many lives that now are needlessly lost."

SCOUT LEADERS OPEN CAMPAIGN IN YOUNGSVILLE

Irvine and Youngsville Scouters met last night at Jewell's Grill in Youngsville to start their campaign for operating funds for expenses of the current Boy Scout year. The Youngsville campaign is being headed by Virgil Peters and the Irvine campaign by H. R. Johnson. Those in charge of the campaign pointed out that increased gifts are needed this year in order for the campaign to succeed because of the large number of deaths and removals.

Those in the Youngsville campaign are: V. D. Peters, Charles A. Jones, C. W. Spencer, C. H. Buggs, R. E. Crandall, Earl C. Valter, H. H. Eustice, Rev. C. D. Dibble, O. Cyril Anderson, Earl Young, Paul Getts, and G. R. Ball.

Those in the Irvine campaign are: H. R. Johnson, Clinton Johnson, D. A. Randolph and Carl E. Johnson.

This makes a total of 114 men engaged in the Scout campaign which ends Tuesday, May 6.

Official Rules For Marble Tournament Here Are Announced

Ringer is the official marble game which will be used in the National Marble Tournament to be held in Warren, May 9-10. Ringer is played in a ring 10 feet in diameter, with 13 marbles arranged in the center in a cross. The object is to shoot these marbles out of the ring, the player shooting the largest number out of the ring in any game being the winner of that game.

The playing surface shall be a smooth, level surface of ground, hard clay, or other suitable substances.

Within the center of the ring, mark two lines at right angles in such manner as to form a cross. On this cross shall be placed thirteen marbles (six on each line with one in the center of cross). Shooters shall be round and made of any substance except steel or any other metal and shall be not less than one-half inch and not more than three-fourth inch in diameter. Boys will furnish their own shooters but the marbles in the center of the ring will be furnished by the tournament officials.

On all shots, a player must

Annual Health Day Observance to Be Held Here Tomorrow Evening; Control of Cancer Is Discussion

Much interest has been aroused in the current educational campaign towards the control of cancer, promoted by medical and other health groups throughout the United States, and it is hoped that the high school auditorium will be filled to capacity tomorrow evening at 8:15 o'clock for the motion picture and two addresses which comprise the program for the third annual local observance of Health Day.

There is no admission for this educational program and anyone interested is invited by the sponsors, the Warren County Medical Society and Auxiliary, working in cooperation with the Women's Field Army of the American Society for the Control of Cancer.

Dr. J. J. Abell, who is a former president of the American College of Surgeons and is acting as liaison officer between the government and organized medicine in relation to the national defense program, places stress on three factors upon which cure of cancer depends. These are early diagnosis, involvement of an accessible organ and treatment demonstrated by time and experience as effective.

"As a result of the application of scientific medical knowledge," he says, "and that chiefly of a preventive character, we have developed a society which, for the first time in history, shows a large number of people in the upper age levels. This fact has a particular implication as regards cancer. Since 90 per cent of all cancers occur after the age of 40, the explanation for the increased incidence of the disease is at hand, and, as well, the incentive for bringing to more and more people knowledge regarding the conditions in which cancer is known to develop and the signs and symptoms that may indicate its presence."

"The recorded thousands that are now living and well from five to 25 years after appropriate treatment of cancer afford indisputable proof that the disease is curable. There can be no excuse other than ignorance of prostration for failure to treat early the cancers that are exposed to view or readily detectable upon palpation. The line of safety for lay people is prompt and competent investigation of all lumps, all ulcers, all skin defects as soon as noted, regardless of whether or not they are a source of discomfort. The inward cancers make known their presence by interference with function of the organ involved."

"The objective which all should strive to attain is recognition and treatment of the disease before dissemination or spread occurs. When education brings this possibility into the realm of accomplishments, it will at the same time dissipate the gloom with which the disease has been enshrouded and save many lives that now are needlessly lost."

SCOUT LEADERS OPEN CAMPAIGN IN YOUNGSVILLE

Irvine and Youngsville Scouters met last night at Jewell's Grill in Youngsville to start their campaign for operating funds for expenses of the current Boy Scout year. The Youngsville campaign is being headed by Virgil Peters and the Irvine campaign by H. R. Johnson. Those in charge of the campaign pointed out that increased gifts are needed this year in order for the campaign to succeed because of the large number of deaths and removals.

Those in the Youngsville campaign are: V. D. Peters, Charles A. Jones, C. W. Spencer, C. H. Briggs, R. E. Crandall, Earl C. Walter, H. H. Husted, Rev. C. D. Dibble, O. Cyril Anderson, Earl Young, Paul Getts, and G. R. Ball.

Those in the Irvine campaign are: H. R. Johnson, Clinton Johnson, D. A. Randinelli and Carl E. Johnson.

This makes a total of 114 men engaged in the Scout campaign which ends Tuesday, May 6.

Official Rules For Marble Tournament Here Are Announced

Ringer is the official marble game which will be used in the National Marble Tournament to be held in Warren, May 5-10. Ringer is played in a ring 10 feet in diameter, with 13 marbles arranged in the center in a cross. The object is to shoot these marbles out of the ring, the player shooting the largest number out of the ring in any game being the winner of that game.

The playing surface shall be a smooth, level surface of ground, hard clay, or other suitable substances.

Within the center of the ring, mark two lines at right angles in such manner as to form a cross. On this cross shall be placed thirteen marbles (six on each line with one in the center of cross). Shooters shall be round and made of any substance except steel, or any other metal, and shall be not less than one-half inch and not more than three-fourth inch in diameter.

Boys will furnish their own shooters, but the marbles in the center of the ring will be furnished by the tournament officials.

On all shots, a player must

COMMUNITY SWIMMING POOL

The annual agitation for a community swimming pool for Warren, which usually begins to circulate about this season of the year, has arrived on schedule and may be expected to gain momentum as the days grow longer and the sun climbs higher. It is given impetus this time, however, by the program presented at the Rotary Club Monday noon, when Fred N. Hardy, supervising principal of the Port Allegany schools, and member of the Rotary club of that town, delivered a talk on the community park and swimming pool maintained there.

According to Mr. Hardy, the project was conceived by the Port Allegany Rotary club soon after it was chartered in 1930, the need for such facilities having long been felt. In spite of the fact that there were but twenty members in the club, the organization sponsored the project to a very successful conclusion, as was pointed out in his very interesting discourse.

It was estimated that the pool and accompanying facilities would cost \$25,000. Rotarians personally obligated themselves for the sum of \$5,000 and conducted a campaign to raise the needed balance from interested citizens.

A sufficient sum was quickly made available through subscriptions from about five hundred individuals, to insure completion of the effort, and in the fall of 1930 the first work was started. The pool, fifty by one hundred feet in size, with completely equipped bath house, was opened to the public May 30, 1931. The unit included water pumping facilities, filters, water heaters, and equipment for complete change of water in the pool every 24 hours.

Additional space was soon needed, and a tract of ninety acres was added to the park upon which was erected a pavilion forty by fifty feet in size, with outside gas stoves and fireplaces. Four tennis courts, ball diamonds, and picnic grounds, with tables and benches were added to provide a complete recreational unit, with a present total investment of \$60,000.

Mr. Hardy explained that the operation of the park is under the direction of a supervisor, with a personnel including three swimming instructors, bath house attendants and caretakers. The pool and park are open for public use from May 30th each year until Labor Day. School children are granted free use of the pool daily, from ten until eleven o'clock a. m., with instruction for those who wish it. The result is that nearly every child in Port Allegany can swim. After the daily free swimming period, a charge of ten cents is made for children and twenty-five cents for adults for use of pool and bath house. Season tickets are available at \$5.00 for adults and \$2.00 for children, which allows free use of tennis courts in addition to swimming privileges. The pool is used by from 15,000 to 18,000 persons during a season.

The speaker said that the initial cost of the project has been paid, and operating income on the above outlined basis, is sufficient to cover expenses, which average about \$4,500 annually. He showed pictures of the development during its period of construction, together with pictures of the park and pool in use.

Seems as though Port Allegany has hit upon a plan that might form a pattern for Warren to follow in acquiring such an addition to the community, which is so much desired by old and young alike.

Churches in Ludlow and Sheffield are losing conscientious and sincere leaders in the departure of Rev. and Mrs. C. E. Lundgren, who leave this week for their new charge in Houtsdale. We join with the two congregations in wishing them Godspeed in their new field of endeavor.

Those entrusted with the reorganization of the Warren County Chapter of the American Red Cross are to be commended for excellent selections made in the choice of officers. Under the guidance of Chairman C. J. Cray the fine record made by the Chapter in the past will be continued without interruption.

If there's anything you'd like to know about the United States Defense bonds which go on sale tomorrow, you may secure the desired information upon application at any bank or the post office.

SO YOU WANT TO KNOW WHAT NEW TAXES WILL MEAN TO PEOPLE LIKE YOU... SO READ THIS AND FIND OUT

Washington, April 30.—Thomas Nelson Taxpayer—an imaginary guy who was sometimes called T. N. T. because he was worse than dynamite when aroused, and at other times called Half Nelson because the government usually had one on his bankroll—threw down his paper and started for work. He had just read the Treasury estimates of what increased taxes were going to cost him. He knew it was coming and he was prepared to pay cash for his country's defense, but now that he saw the figures, he realized fully that he was going to have to tighten his belt and loosen his purse strings till it hurt. Three billion five hundred million dollars was a lot of money for the government to be taking in increased taxes.

It wasn't just the increased income taxes (estimated yield to government, \$1,520,000,000). He had expected that. And business could make out too, in spite of increased corporate excess profits and surtaxes (estimated yield \$934.5 million).

Also, increased gift taxes and increased estate taxes (yield, \$347.2 million) were all right. The more money you gave your kids and your relatives, the worse it was for them. If he could cut his family off without a dime and

make them go to work, starting at the bottom, it would teach them the value of a dollar. He knew it, and how.

"The dickens of it is," mused T. N. Taxpayer, "that if a program like this goes through, I'll be paying taxes every minute of the day. I like my Uncle Sam, all right, but even though the old gent is in a bad way, in his youth he never intended that he'd be leaning on me like this."

T. N. T. pulled out a match. (Uncle Sam would get \$7.1 million from the new match tax.) He lit a cigarette (\$188.3 million from increased tobacco taxes.) As he was going to play golf that afternoon (club dues tax rise would yield \$2.8 million) T. N. T. picked up his clubs (increased sporting goods tax would yield \$8.5 million) and the bag he carried his golf clothes in. It was old and he needed a new one. (The increased luggage tax would yield \$4.5 million.)

T. N. T. walked to his car and threw the stuff into the back seat in disgust. He must get new tires and tubes on the back end. (Increased tire taxes would bring \$2.5 million.) He stepped on the starter, and the old bus coughed badly. He needed a new car (but the taxes on new cars might be doubled, yielding the government \$79.9 million.) He flooded the carburetor, wasting a lot of gas. (Gas taxes were to be increased 1 cent a gallon, yielding an additional \$253 million.) (Turn to Page Seven)

STAMP NEWS

STAMPS will help pay U. S. defense costs. Details of a new postal savings issue to encourage purchase of defense bonds have been announced by Postmaster General Frank C. Walker.

The series includes five denominations and colors: 10-cent, red; 25-cent, green; 50-cent, blue; \$1, orange; and \$5, brown. The design, which is the same for all stamps, pictures Daniel Chester French's statue of the "Minute Man," with the inscription, "America on Guard." The denomination is contained in a circular panel.

Purchasers will keep the stamps in an album, and will exchange the stamps for a defense bond when purchases total \$18.75, providing an installment-plan system for defense bond buying.

The "Minute Man" statue has appeared on the U. S. 5-cent stamp of the 1925 Lexington-Contest series. The sculptor, Daniel Chester French, was pictured on the 5-cent stamp of the artists group of Famous Americans.

Switzerland has added the picture of a farmer plowing to its postage series in a new stamp. The new issue stresses Switzerland's farm program to increase agricultural production during the war.

Nicaragua's postage stamp centenary commemorative arrives a year late. The stamp shows Nicaragua's first stamp and a portrait of Sir Rowland Hill.

Russia marks the 23rd anniversary of the Red army and navy with new issue of eight values.

CRANIUM CRACKERS

Who Are They?

From these thumbnail descriptions of men in women in the news see if you can identify each.
1. Tall, slim, one-time national hero who formerly shunned the public spotlight, but who has recently placed himself in it through his frequent speeches and writings on U. S. defenses and aid to Britain.

2. Dark-eyed brunet, former nurse, who recently became the bride of a son of President Roosevelt.

3. Bull-necked, determined-visaged British leader who was once First Lord of the Admiralty and now says that the Atlantic Ocean will be the determining battleground of the war. He is known as "Mr. England."

4. Singing screen star whose voice got her into the movies when she was 13, and whose fans were surprised to find she is now all grown up and has just married an assistant producer, her "first and only love."

5. Big, heavy set, former Chicago publisher, who was one of the first Republicans in President Roosevelt's cabinet, and who now is entrusted with the task of building a U. S. Navy second to none.

A Washington Daybook

By JACK STINNETT

WASHINGTON—For the first time since the World War, Congress is beginning to steam up over "universal" daylight saving.

Two pending House bills, very nearly alike, would bring it about. Chances are one of them will be on the floor very soon.

Funny thing about time, Rep. Donald H. McLean (R-N. J.), who introduced one of the bills, told me that until 1883 the United States didn't have any time at all. Every community ticked along on its own. Then one morning the railroad men got up (with the sun, I guess) to discover that they were operating on 77 different kinds of time.

That was when time first caused any complications. In those days people got up at daylight, ate dinner at noon and went to bed with the chickens. But it was soon discovered you couldn't run railroads that way. There were too many occasions when trains running at right angles arrived at the crossing at the same moment.

The railroad men had a convention and before it was over they had adopted their time for the United States. Since railroads were thereafter run on that time, non-railroad affairs began to run on it too. But it was 35 years before Congress got around to making it official. In 1918, when the gentlemen assembled to change the law to daylight saving, they found there wasn't any law. So they made one and put it up to the Interstate Commerce Commission to map out the time zones.

Scrap In Prospect

IF HISTORY repeats itself, there will be quite a scrap when the universal daylight saving time law reaches the floor. One difference of opinion exists between agricultural and industrial communities. The agricultural areas are against daylight saving because if they rise by that time they can't work in some crops on account of the dew.

Back in 1918, the House, which ordinarily only debates bills for an hour, took more than two and a half hours to argue the daylight saving law.

In 1918, the Germans and their allies, and Great Britain, Holland, Belgium, France, Sweden, Denmark, Portugal, Italy, Norway and Australia had blazed their trail on the face of the clock before the United States decided to take time

Franklin Favored It

DAYLIGHT saving saved fuel. Old Ben Franklin was the first to point that out when he snickered over the fact that people in France, England and the United States wasted money on candles when all they had to do was make use of the daylight that existed before they got up in the morning. Since it provided more sunlight, daylight saving was healthier. There were other arguments.

Yet a fellow like Rep. Otis J. Wingo of Arkansas could come along in 1918 and send the House into hysterics with his contention that only dullards who slept past dawn would be the least bit interested in turning back the clock. He concluded his lecture with the observations: "We have tinkered with everything; we have tried to repeal the law of supply and demand. Now you are tinkering with the clocks. If you keep up this foolishness, some fool will ask us to suspend the law of gravity and regulate the period of gestation."

It Looks Like A Law

THAT kind of argument you are sure to hear again, but the proponents of universal daylight saving will hit an awful lick when they point out that Great Britain, Canada and the Axis powers now are operating on daylight saving—not just through the summer—but all the year around . . . and are plenty satisfied.

It looks like Representative McLean, or Rep. Eugene J. Keogh (D-N. Y.) who introduced the second bill, has got himself a law. There's little difference between them. Mr. Keogh would change the clocks the last of April and run through October. Mr. McLean would like to start a month earlier. Both would like to catch up with the daylight saving now in existence in all or part of 16 states.

High School Girls' Club Arranges For Special Activities

The High School Girls' Club of the Y. W. C. A. is in the midst of a busy spring schedule that includes the annual May Day breakfast at 11:15 o'clock tomorrow morning, a mother-faculty tea from three until five on Saturday afternoon.

This last is a slight variation from the customary faculty tea of other years and Joan McGarry heads the committee. Reservations must be in not later than Thursday at the Y. W. C. A. office.

A cabaret dance is to be held Saturday, May 10, from nine until twelve, with the Men About Town furnishing the music. This committee is in charge of Ruth Ann Striety.

Plans are also being completed rapidly for the mother and daughter banquet to be held on Monday, May 12.

These events were among important items taken up at the regular meeting of the club on Monday evening. A report was given by Katherine O'Meara on the 60th anniversary banquet which nine club girls attended at the James-town Y. W. C. A.

Interest groups were reported by Beverly Milway and special information concerning the dance group was announced by Anna Mae Olson. The next club meeting will be held May 5, when officers will be named.

A very original program was presented by Elizabeth Larson and Jean Cannon in the form of a modern opera written by Betty Thomas. Those taking part were Shirley Allen, Betty Thomas and a barbershop trio consisting of Jean Dobson, Virginia Fredrickson and Jean Cannon.

Refreshments were in charge of Alice Samuelson and Margaret Jean Peterson, serving a large birthday cake in honor of the 60th anniversary of Girl Reserves.

Thanksgiving Cheer for Needy Families.

Pictured above are a group of local men ready to start out on the delivery of one hundred Thanksgiving baskets packed for needy families of Warren by the Warren Relief Association, one of the seven agencies in the Warren Community Chest, which is currently carrying on its annual campaign for \$41,500.

This is but one of the activities carried on by the Warren Relief Association, which consists of 30 voluntary and experienced workers with headquarters at 229 Liberty street for the disbursement of new and used clothing.

To understand and fully appreciate the purpose of the Warren Relief Association, its record for last year should be considered.

During 1940, almost 400 families received some form of assistance from the association—food, clothing, fuel, rent or medicine. And most important of all, over 20,000 quarts of milk were provided to help thin, undernourished children grow strong and healthy.

This vital program is accomplished by the group of thirty volunteer workers who investigate each appeal and give aid in many cases where public relief is either unavailable or inadequate.

Often prompt help in an emergency not only relieves distress and prevents sickness, but also encourages a family to reestablish itself on a self-supporting basis.

Among the articles distributed by the Warren Relief Association last year were 5,935 articles of clothing and 1,118 pairs of shoes. Much of this material went to school children.

Contributions to the Community Chest provide the funds which are used by the association in this worthy work.

Twenty-one of the 47 planes claimed destroyed were downed in air fighting, nine by naval artillery and the remainder around the daily communiqué said.

A single plane of a German pursuit squadron protecting German bomber formations over England was credited with downing four British planes in a battle in the air.

Bomber crews reported they observed at least five other aircraft destroyed by fire as bombs exploded on an airport.

Fires and explosions started in Plymouth were said to have been visible from distant points.

The RAF dropped five and explosive bombs on the University town of Heidelberg, on the Rhine, last night, it was reported today.

"The attack on the famed university town could not be justified by any damage done to military objectives," said one report to Berlin.

Heidelberg is about 10 miles from Mannheim, an armaments center which the British said they bombed last night.

The High Command said a large merchant ship had been destroyed in the Malta attack and two Hurricane fighters shot down in air fights over the island without loss to the Germans.

In North Africa, it said, combined Axis air fleets dropped heavy bombs on the harbor and artillery positions at the Libyan port of Tobruk, which still is in British hands.

Besides the attack on Plymouth, which centered chiefly in the neighboring Devonport area, the communiqué said, other Nazi bomber squadrons raided Cardiff, Lowestoft, Ipswich and British night flying bases.

Trade relations between Moscow and the United States have been the object of attention in Washington for several months, and American authorities recently were reported taking a more favorable view of Russian baring as a result of growing indications of Soviet opposition to German moves in the Balkans.

Russia also was said to have given repeated assurances that goods purchased in America were intended exclusively for domestic consumption.

The United States attitude has been complicated, however, by British pressure for cooperation with the British blockade by a "control at source" strategy.

Moscow, April 29.—(T.P.)—Transit of war materials through Soviet Russia has been forbidden by the government, the magazine Foreign Trade Commissariat, announced today.

A notice published in the magazine said transit of such materials had been forbidden since March 18.

An order signed by Foreign Trade Commissar Anastas I. Mikoyan on that date forbade licenses necessary for shipment of goods across Soviet territory and ruled that permission would not be given for the transit of armaments, munitions, planes, explosives, poison and other materials making machinery for making planes and munitions.

Meanwhile, Pravda, Communist party organ, reported that four German transport planes landed about 12,000 German troops equipped with tanks and artillery at the port of Turku, in southwestern Finland April 27.

Among military correspondents, the chief news source was the capital of Moscow, which was known as far back as 2001 B.C.

LONDON'S "BOBBIES"

LONDON, April 29.—(T.P.)—The British police force, known as "bobbies," is being retrained in the use of gas masks and other modern equipment.

The retraining is being carried out by the Home Office, which is responsible for the police force.

The police are being trained in the use of gas masks and other modern equipment, which is necessary for the protection of the public in the event of a gas attack.

The retraining is being carried out by the Home Office, which is responsible for the police force.

FIRE DAMAGES FURNITURE CO. AT YOUNGSVILLE

Fire in the finishing department of the Youngsville Star Manufacturing Company at Youngsville last night caused considerable damage, mostly from water which poured down through three floors from the automatic sprinkler system, which was set in action by the blaze.

While the blaze itself did not cause much damage, officials of the furniture plant stated that it would take some time to determine definitely the loss from water damage.

The blaze started about seven o'clock in the finishing room on the fourth floor and was confined to a small area. Although the Youngsville fire department was called, their services were not required. There was no one working in the plant at the time and the blaze was discovered by the watchman when the sprinkler system started to operate.

Tickets For Annual Program Being Sold

Tickets have been placed on sale for the high school a cappella choir's annual spring concert. It was stated today by the director, Carroll A. Fowler, the program to take place at 8:15 o'clock on Thursday evening, May 8, in the high school auditorium.

Choir members are more than usually enthusiastic about this year's program, which will include secular songs and a concertized version of Bizet's opera "Carmen," with the high school orchestra accompanying.

Solo voices have just been designated by Mr. Fowler and will include Melba Olsen, Bonny Johnson, Virginia Davis and Charles Tranter.

Between the two halves of the choir program, the orchestra will be directed by Harry A. Summers in a group of selections.

project, officially inaugurated by this ceremony, will run for one year. The committee for national defense has indicated that the part of every citizen is to bring his physical condition to the height of his powers and maintain it at that level during the period of emergency and the ensuing reconstruction period.

The program, which has been conceived by a special health project committee of the county council under the chairmanship of Mrs. Nora Eaton, will help give from seven to eighteen years, as well as adult members of the group, to attain the highest point of health possible through attention to diet, posture, exercise and rest.

The ceremony for tomorrow afternoon has been arranged by the public relations committee of the council, of which Mrs. Vance Weld is chairman.

High School Girls' Club Arranges For Special Activities

The High School Girls' Club of the Y. W. C. A. is in the midst of a busy spring schedule that includes the annual May Day breakfast at 7:15 o'clock tomorrow morning; a mother-faculty tea from three until five on Saturday afternoon.

This last is a slight variation from the customary faculty tea of other years and Joan McGarry heads the committee. Reservations must be in not later than Thursday at the Y. W. C. A. office.

A cabaret dance is to be held Saturday, May 10, from nine until twelve, with the Men About Town furnishing the music. This committee is in charge of Ruth Ann Slatry.

Plans are also being completed rapidly for the mother and daughter banquet to be held on Monday, May 12.

These events were among important items taken up at the regular meeting of the club on Monday evening. A report was given by Katherine O'Meara on the 60th anniversary banquet which nine club girls attended at the Jamestown Y. W. C. A.

Interest groups were reported by Beverly Milway and special information concerning the dance group was announced by Anna Mae Olson. The next club meeting will be held May 5, when officers will be named.

A very original program was presented by Elizabeth Larson and Jean Cannon in the form of a modern opera written by Betsy Thomas. Those taking part were Shirley Allen, Betsy Thomas and a barber shop trio consisting of Jean Dobson, Virginia Fredrickson and Jean Cannon.

Refreshments were in charge of Alina Samuelson and Margaret Jean Peterson, serving a large birthday cake in honor of the 60th anniversary of Girl Reserves.

CLEVELAND WEDDING OF INTEREST LOCALLY

Ludlow, April 30—Mr. and Mrs. C. E. Carlson, of this place, announce the marriage of their daughter, Margaret Elvera Carlson, of Cleveland, O., to Edwin D. Peterson, of Cleveland, son of Mrs. Anna Peterson, Miller street, Sheffield.

The ceremony took place in the Windemere Presbyterian church in Cleveland on April 19. Rev. Ewing officiating. Attendants were Mr. and Mrs. Clarence Anderson, Cleveland. The Petersons will reside at Apartment 17, 1720 Page avenue, Cleveland.

The bride is a graduate of the local high school and is an alumna of Philadelphia General Hospital. At present, she is an assistant department supervisor at the Huron Road Hospital, Cleveland. Mr. Peterson attended Sheffield High School and the Hoff Business College in Warren and is employed at the Columbia Axle Works in Cleveland.

WOMAN'S SOCIETY OF EPWORTH CHURCH
The regular meeting of the Woman's Society of Christian Service of Epworth Methodist church was held Tuesday evening. The invocation was given by Mrs. Oscar Granquist, followed by a business session. Mrs. Clarence Heald was in charge of devotions and solos were given by Geraldine Mahaffy and Genevieve Knapp.

Mrs. B. F. Armstrong gave a fine address on "Investing Our Heritage in Lives for Christ" and Victor Granquist gave the closing prayer.

The next meeting of this group is to be held the last Monday in May instead of the last Tuesday. Miss Marian Berby, who has just returned from South America, will be the guest speaker.

Thanksgiving Cheer for Needy Families.

Pictured above are a group of local men ready to start out on the delivery of one hundred Thanksgiving baskets packed for needy families of Warren by the Warren Relief Association, one of the seven agencies in the Warren Community Chest, which is currently carrying on its annual campaign for \$41,800.

This is but one of the activities carried on by the Warren Relief Association, which consists of 30 voluntary and experienced workers with headquarters at 229 Liberty street for the disbursement of new and used clothing.

To understand and fully appreciate the purpose of the Warren Relief Association, its record for last year should be considered.

During 1940, almost 400 families received some form of assistance from the association—food, clothing, fuel, rent or medicine. And most important of all, over 20,000 quarts of milk were provided to help thin, undernourished children grow strong and healthy.

This vital program is accomplished by the group of thirty volunteer workers who investigate each appeal and give aid in many

cases where public relief is either unavailable or inadequate.

Often prompt help in an emergency not only relieves distress and prevents sickness, but also encourages a family to reestablish itself on a self-supporting basis.

Among the articles distributed by the Warren Relief Association last year were 5,913 articles of clothing and 1,118 pairs of shoes. Much of this material went to school children.

Contributions to the Community Chest provide the funds which are used by the association in this worthy work.

JUNIOR CLASS PLAY GIVEN AT LANDER

Lander, April 30—The junior high school class will present its annual play, "Tillie Goes to Town", on Friday and Saturday evenings in the community house. This three-act comedy is by Wilbur Braun, author of some of the biggest hits for amateur theatre production, and is under the able direction of Miss Alice Galbreath.

Those who will be seen in the cast are Dorothy Johnson, Selma Carlson, Neva Mills, Sophia Lehman, Dorothy Hudelson, Dorothy Ferry, May Peterson, Perry Wilcox, Evan Wilcox and William Hall.

GRACE CHURCH UNIT

The Women's Society of Christian Service of Grace Methodist church will hold its regular meeting tomorrow evening at 7:30 o'clock in the social rooms of the church. All women of the congregation are cordially invited to hear the talk by Mrs. Muddford of the Ruth M. Smith Children's Home at Sheffield. Members of the group are reminded that this will be dues paying night.

HAZELTINE DIVISION

The Isabelle Hazeltine Division of the Women's Society of Christian Service of the First Methodist church will hold its May meeting at eight o'clock Thursday evening in the Dunham parlors of the church. A large attendance is hoped for, since Mrs. B. F. Armstrong, wife of the county Sunday school missionary, is to be the guest speaker.

GIVE LUNCHEON FOR BRIDE OF SATURDAY

FIRE DAMAGES FURNITURE CO. AT YOUNGVILLE

Fire in the finishing department of the Youngsville Star Manufacturing Company at Youngsville last night caused considerable damage, mostly from water which poured down through three floors from the automatic sprinkler system, which was set in action by the blaze.

While the blaze itself did not cause much damage, officials of the furniture plant stated that it would take some time to determine definitely the loss from water damage.

The blaze started about seven o'clock in the finishing room on the fourth floor and was confined to a small area. Although the Youngsville fire department was called, their services were not required.

There was no one working in the plant at the time and the blaze was discovered by the watchman when the sprinkler system started to operate.

Tickets For Annual Program Being Sold

Tickets have been placed on sale for the high school a cappella choir's annual spring concert, it was stated today by the director, Carroll A. Fowler, the program to take place at 8:15 o'clock on Thursday evening, May 8, in the high school auditorium.

Choir members are more than usually enthusiastic about this year's program, which will include secular songs and a concertized version of Bizet's opera "Carmen", with the high school orchestra accompanying.

Solo voices have just been designated by Mr. Fowler and will include Melda Olsen, Bonny Johnson, Virginia Davis and Charles Tranter.

Between the two halves of the choir program, the orchestra will be directed by Harry A. Summers in a group of selections.

Final Meeting of Blue Stockings Includes Piano Recital By Young Sewickley Artists

Blue Stocking Club members, holding their final meeting of the season at the Philomel Club Tuesday afternoon, were privileged to enjoy a very fine piano recital by two young musicians from Sewickley.

The young pianists were John Robertson, 15, and George Guthrie, 13, pupils of Miss Bessie Hubach, of Ben Avon, who announced their numbers and was at the second piano for several of Mr. Robertson's numbers.

Young Robertson played the Bach "Solfeggio" and Dohnanyi's "Rhapsody in E Flat Minor" to open the program, displaying an unusual technique, good shading and a fine regard for the mood of the compositions.

In the second group, young Nimick played a Spanish dance, "Playera" by Granados and "The Sea" by Palmgren. His touch was exceptionally noteworthy and tone quality very pleasing.

Appearing the second time, Mr. Robertson played Rubinstein's "Kammenoi-Ostrow" and Miss Hubach was at the second piano for the second time, playing "The Song" by D. Blackman and Mrs. A. C. Flick, Jr.; legislative, Mrs. Walter Murphy; finance chairman, Mrs. Harriet Wilkins.

Both the boys and their instructor were showered with compliments and many suggested that they return for a public engagement at some future date.

Besides these pleasing musical offerings, the program included an informal talk by Mrs. George Calderwood concerning some incidents from an Alaskan trip and visit to the Yukon. Pictures were passed about, together with a map of the country, to aid the speaker in creating the background and atmosphere.

There were about thirty members and guests for this final gathering, which began with a delightful luncheon served in the club dining room. Spring flowers centered the tables.

At the close of the luncheon, Mrs. Vance Weld, president, welcomed the number of guests and the visitors. These included Mrs. Nimick and her mother, Mrs. Spencer, mother and grandmother of the youngest player.

Mrs. Weld announced the following committee for next year: Press, Mrs. B. W. Knapp; program, Mrs. W. E. Lutz; Mrs. S. MacFadyen's "Cradle Song"; To D. Blackman and Mrs. A. C. Flick, Jr.; legislative, Mrs. Walter Murphy; finance chairman, Mrs. Harriet Wilkins.

It was getting late and he had wanted to be in the office early. He looked at his watch. It had stopped. (The 10 per cent tax on new watches and clocks was figured to yield \$10 million.) He heard the suburban train whistle up the track and he knew he could just make it. (Tax on transportation more than 35 cents was to yield \$37.6 million.)

At his office, Thomas N. Taxpayer put in a busy morning. He had a lot of telephoning to do (new 5 per cent tax on telephone bills would yield \$28.6 million). He signed a lot of checks. (The new 2-cent tax on checks would net the government \$57 million.) He sent out some telegrams. (Tax yield, \$40.3 million.) He chewed gum as he worked (how would they collect the 5 per cent tax on that?) and because he wanted to keep that golf date, for lunch he bought from the office vending machine a candy bar and a bottle of pop. (Taxes on candy, soft drinks and gum would net the government \$136.1 million.)

All these thoughts had unnerved him a bit and it was no wonder he was off his golf game. He slipped badly, lost four balls on the dogleg, broke a club in anguish and reflected on that sporting goods tax as he did so, but he enjoyed getting mad. It was relief from his dour thoughts, and as he increased the blue of the air and sky (still free) he thanked heaven that no reformer had yet thought of a way to tax cussin', so he let 'er rip.

Final Meeting of Blue Stockings Includes Piano Recital By Young Sewickley Artists

Blue Stocking Club members, holding their final meeting of the season at the Philomel Club Tuesday afternoon, were privileged to enjoy a very fine piano recital by two young musicians from Sewickley.

The young pianists were John Robertson, 15, and George Guthrie Nimick, 13, pupils of Miss Bessie Hubach, of Ben Avon, who announced their numbers and was at the second piano for several of Mr. Robertson's numbers.

Young Robertson played the Rach "Solfegietto" and Dohnanyi "Rhapsody in E Flat Minor" to unusual technique, good shading and a fine regard for the mood of the compositions.

In the second group, young Nimick played a Spanish dance, "Play-ers" by Grenadosand "The Sea" by Palmgren. His touch was exceptionally noteworthy and tone quality very pleasing.

Appearing the second time, Mr. Robertson played Rubinstein's "Kammen-Ostrow" and Miss Hubach was at the second piano for MacFadyen's "Cradle Song." To conclude, they played a two-piano arrangement by Dr. Katscher of the popular "When Day Is Done."

Both the boys and their instructor were showered with compliments and many suggested that they return for a public engagement at some future date.

Besides these pleasing musical offerings, the program included an informal talk by Mrs. George Cal-janed concerning some incidents from an Alaskan trip and visit to the Yukon. Pictures were passed about, together with a map of the country, to aid the speaker in creating the background and atmosphere.

There were about thirty members and guests for this final gathering, which began with a delightful luncheon served in the club dining room. Spring flowers centered the tables.

At the close of the luncheon, Mrs. Vance Weld, president, welcomed the number of guests and the visitors. These included Mrs. Nimick and her mother, Mrs. Spencer, mother and grandmother of the youngest player.

Mrs. Weld announced the following committee for next year: Press, Mrs. B. W. Knapp; program, Mrs. W. E. Lutz; Mrs. S. D. Blackman and Mrs. A. C. Flick, Jr.; legislative, Mrs. Walter Murphy; finance chairman, Mrs. Harriet Wilkins.

HONOR SON WITH FAREWELL DINNER

Mr. and Mrs. S. E. West, of Clarendon Heights, gave a dinner party Monday evening at the Stoneham Community building to honor their son, Harry C. West, one of the selectees leaving today for army service.

The 60 guests were from Warren, Clarendon, Tiona and Stoneham. Music for the dinner and dancing which followed was provided by the Clarendon Rhythm Makers. Short talks appropriate to the occasion were given by R. P. Lott and C. Henry Nicholson and the guest of honor was presented with a purse of money from the group, together with the best wishes of his friends.

NEWS OF REBEKAHS

The Lady Warren Rebekah Lodge will have its regular business session at 7:30 o'clock Friday evening, when new members are to be voted upon. At eight o'clock there will be a public card party, with prizes for both men and women in bridge and five hundred games. The committee will serve refreshments at the conclusion of the play.

The Greenlund store room in Pennsylvania avenue, west, will be open Thursday evening from six until eight o'clock to receive articles for the Rebekah rummage sale to be held there on Friday.

P. H. C. MEETING AND GAME SERIES

Following a seven o'clock business meeting Thursday evening in the Marconi Club, the Protected Home Circle will sponsor another series of games for the public, play to start at eight o'clock.

Plans are going forward for the initiation of a large class of candidates on May 15, when state and supreme officials and members of nearby circles have been invited.

SEASON'S FINAL ORGAN RECITAL

At four o'clock Sunday afternoon in the First Presbyterian church, Marcus Naylor, director of music at the church, will present another in the series of pleasing organ recitals comprising a season's schedule. Mr. Naylor will announce the numbers to be played on the final presentation for the current season.

ZONTA ELECTION

A feature of the annual business meeting of the local Zonta Club to be held at noon Thursday at the home of Mrs. H. A. Ross, will be election of officers for the coming year and discussion of plans for summer activities.

EXPECTED HOME

Mr. and Mrs. J. L. Hunter, East street, are expected home the first of the month after spending the winter in Coral Gables, Fla.

Social Events

MOTHER AND DAUGHTER BANQUET IS PLANNED

At six o'clock Thursday evening at the Y. W. C. A. activities building, the women and girls of St. Paul's Lutheran church will assemble for their annual mother and daughter banquet. This evening is sponsored by the Dorcas Society and usually has an attendance of about 200.

Mrs. Harold Nelson is to be toastmistress this year and, instead of a principal address, there will be a mother and daughter pageant, with about 30 persons participating.

STYLE SHOW OF STENOGRAPHERS' CLUB

The date for the annual Stenographers' Club style show has been set for May 14. Enthusiastic club members have decided to show a phase of life which they should be able to portray very accurately and entertainingly, life in Warren High School.

The skit, written by members of the club, is appropriately termed "School Daze." As in past years, E. L. Stein and the Printz Company will provide apparel to be modeled in the presentation.

SUCCESS INDICATED FOR CLUB BREAKFAST

Ticket sales point to a very successful annual May breakfast at the Woman's Club tomorrow and the finance committee, sponsoring the event, expects a complete sellout. Serving will be from 7:30 until 12:30, the latecomers planning to stay and play cards during the afternoon.

MIRIAM SOCIETY

The Miriam Missionary Society of St. Paul's Lutheran church will meet at the church at 2:30 o'clock Friday afternoon, entertained by Mrs. Olga Hultberg, Mrs. Minnie Simpson, Mrs. O. D. Strom-dahl and Mrs. Emma Morine. The meeting is changed from Thursday because of the mother and daughter banquet of the church.

DORCAS CLASS

The Dorcas Class of the First Lutheran church will meet in the church parlors Thursday evening. All members are asked to be present for the business session and to hear an address by Miss Pearl Lund, missionary home from Korea.

SUPPER AT STONEHAM

It is announced today that a baked ham supper is being served to the public from five until seven o'clock on Thursday evening in the Stoneham community house.

A Day Devoted to Promoting the Health of American Children

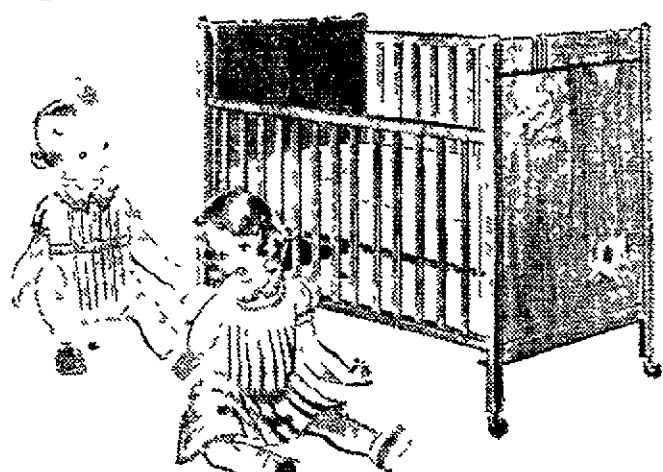

*"Better Children for Our Nation—
A Better Nation for Our Children"*

Again May 1 has been officially set aside as "CHILD HEALTH DAY" the goal of which is universal health for all children --- as a result of this movement, which was inaugurated in 1924, the children of America are in better health than they have ever been before, but there is even a chance to bring about better health conditions.

Warren merchants are cooperating in this movement by striving to bring better merchandise that will make healthier, happier children.

CHILD HEALTH DAY

Tomorrow, The First Day of May

A Day Devoted to Promoting the Health of American Children

"Better Children for Our Nation--

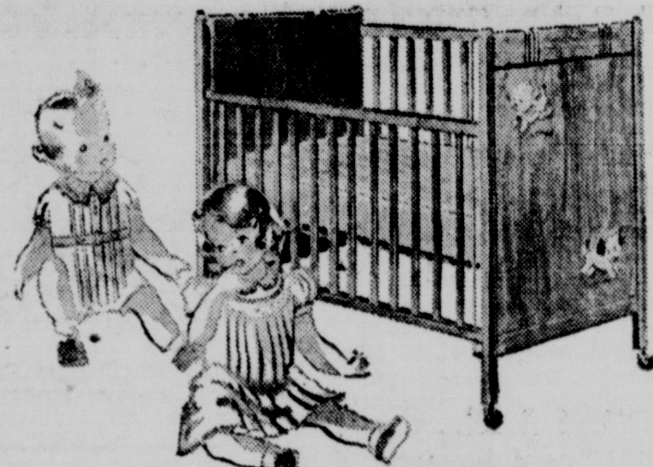

A Better Nation for Our Children"

Again May 1 has been officially set aside as "CHILD HEALTH DAY" the goal of which is universal health for all children --- as a result of this movement, which was inaugurated in 1924, the children of America are in better health than they have ever been before, but there is even a chance to bring about better health conditions.

Warren merchants are cooperating in this movement by striving to bring better merchandise that will make healthier, happier children.

BOSTON NATIONALS TO TAKE OLD NAME

Boston, April 30.—(P)—Now that the Boston National League baseball club called the Bees, has its much needed new working capital, it again wants to be known as the Braves, the time-honored cognomen that was discarded during its bankruptcy days of five years ago.

"I have been ordered by my new stockholders to kick Bees out the window," Bob Quinn announced as soon as his new associates elected him club president. "They insist that we again be called the Braves, and from today on, don't refer to our ball team by any name except Braves."

OLD OUTCOURSE IS STILL GIVEN DERBY CHANCE

Louisville, Ky., April 30.—(P)—In spite of his defeat in the Derby trial mile, Whirlaway's Kentucky Derby stock rose as the most unusual field in the memory of the oldest inhabitant was rounded out for Saturday's 67th running of the Blue Grass classic.

Every one of the 12 horses expected to go to the post before an anticipated record crowd of 10,000 at Churchill Downs in this renewal of the chase after the Rainbow of Roses had a "yarn" behind him to make this the "different derby," with any colt in the race given a chance to hit the jackpot.

Whirlaway, hope of Warren Wright of Chicago, was the No. 1 question mark. No one argued his rights to that title after the way he picked up half a dozen lengths to overhaul Tom Bragg's Blue Bird rounding the stretch turn in the trial yesterday, and then tossed away his whole edge—and some lengths to boot—to finish second by three quarters of a length.

Trainer Ben Jones still was confident, however. Pointing out the stretch running little chestnut with the flowing tail probably had in him a half a mile of faster running than any other horse in the field, and that it was up to the jockey to unhook that speed when it counted most in the stretch.

Plain Ben was relying on Eddie Arcaro to do this Saturday. Wendell Eads, who had the leg up on the colt yesterday, had Whirlaway running outside of horses rounding the bend.

SPORT SCATTERINGS Bill Rice

After digesting all of the tips on the probable finishing order of the pennant contenders in both leagues, we found that we had completely ignored the Old Maestro, himself. So, breathlessly, we ducked into his private sanctum underneath the Warren National, to which he has retired since Cochran's Barbers failed to win their way into the Elks League roll-offs.

"Confidentially, it looks like the Yanks and the Reds," Denny mused, "but there's nothing official. I've given up predicting, and if you want the straight-from-the-feedback dope you'll have to ask Bill Warr."

And Bill, alias 'Truete' 'Erbert, forecasts the following, to-wit: "Hit happens like the Dawgals in the National and the Hindians—eight, em's a ball team—in the American. And then, there's My Own Bruce, 'im that was best in show twice runnin' at Madison Square."

Golf followers will doubtless see many bearded and creaking old gaffers swinging baffles, mid-mashes and mashie-irons in the National Open this year, now that the U. S. G. A. has offered exemption from the sectional qualifying rounds to all former title-holders. Young sports writers whose knowledge of irons is limited to numbers may have to delve into the volumes of Vardon and Ray and how to call the clubs by name. Unfortunately for the color of the tourney, Bobby Jones refuses to return to competition, but Chick Evans will come out of retirement and The Haig will take a crack at another title. Others expected to be in there battling are Willie MacFarlane, Long Jim Barnes, Francis Quimet, Billy Burke, Tony Manero, Olin Dutra, Johnny Goddard, etc. Two real old-timers who may be on deck are George Sargent and Freddie MacLeod, who won in 1908 and 1909, respectively.

Yes, sir, you have to hand it to Jake Leidig. Once more he has created enough interest in scholastic baseball to bring some 30 lads out for the high school squad, and, although many other schools have given up the sport, the Dragons have found opposition to provide about five games a week. And some of the lads look pretty good in there, especially when you stop to remember that all they know about the game they have learned for themselves. When we finally get the Sunset League machine back in running order, you can thank Jake Leidig for the crop of younger talent which will be performing on the local sandlots.

PROMINENT MAN IN BASEBALL AT JAMESTOWN DIES

Stacy Ross, of Jamestown, one of this section's best known baseball players and managers, died Monday afternoon in a Jamestown hospital, where he has been confined for twelve weeks, undergoing four operations. He was 41 years old, having been born in Kussequa, December 29, 1899.

Surviving are his wife, Mrs. Edith Carlson Ross; two sons, Eugene and Larry, at home; a sister, Miss Florence Ross, of Kane, and three brothers, Donald Ross, of Chicago; Walter Ross, of Corry, and Harry Ross, of Kane.

Services will be held from the Youngberg Funeral Home in Jamestown at 2 p. m. Thursday with burial in Kane.

He had lived in Jamestown 18 years. A left-handed pitcher, Mr. Ross started his baseball career at the age of 18. He was with the Milwaukee team of the American Association and several other minor league teams. His Jamestown baseball affiliations were with the late Billy Webb's Spiders. Later he managed and played with several Jamestown Baseball Association teams.

Mr. Ross had appeared in Warren with several Jamestown teams and was popular among the local baseball fraternity. His most recent appearances in this vicinity were at the State Hospital, North Warren, where his teams played on many occasions.

Dragons Get Fourth Allowing Tionesta But One Scratch Hit

A scratch single over second base which could easily have been turned into a fielder's choice with alert fielding spoiled another no-hit, no-run game for the 1941 Dragons as they walloped the day-lights out of Tionesta High to chalk up their fourth straight.

Dick Kifer went four innings, during which only two men got on base, one by a walk and one by an error, and was relieved by Bennett who was touched for the only bingle. Kifer accounted for nine of the dozen putouts during his regime by the strikeout route.

Rouse went all the way for Tionesta and gave up 16 hits while his mates were contributing to the massacre with nine errors.

Arnie Edmiston had a perfect day at bat with a double and two singles, while Dick Johnson and Vic Huffman each picked up three singles in four trips. Kifer clouted a double and a single in three tries. Tonight the Leidigmen meet

By JUDSON BAILEY
Associated Press Sports Writer
Last June, Luke (Hot Potato) Hamlin was fined \$500 by President Larry MacPhail of the Brooklyn Dodgers for throwing a "home run ball."

Specifically, the charge was that the veteran right-hander was not giving his best efforts when he blew a 4-0 lead against the St. Louis Cardinals one humid afternoon at Ebbets Field. Hamlin refused to pay and went into hiding six days, until mediators patched up the breach and MacPhail revoked the fine.

Altogether, 19 home runs were hit off Hamlin's pitching during the 1940 season, and during the winter the club sought to trade him. Manager Leo Durocher didn't give him any consideration at all in his pennant plans.

But yesterday, Hamlin fed two home run balls in one game to the world champion Cincinnati Reds, and nobody as much as murmured. The circuit clouts, one by Lonnie Frey in the first inning and the other by Frank McCormick in the last frame, were nothing more than marks of identification to prove that it was Hamlin out there doing a superb job of hurling his third straight victory.

In between the widely-separated swats, he allowed only two harmless singles, and the Dodgers whooped their way to their eighth consecutive triumph, 13-2. They are a red-hot team, and they know it. They fielded errorlessly and mauled five members of Cincinnati's cherished pitching staff, including Milkman Jim Turner, Gene Thompson and Whitney Moore, for an even dozen hits.

The victory, second in a four-game series, enabled the Dodgers to hold a half share in first place in the National League. The St. Louis Cardinals, who opened their eastern invasion by nudging out the New York Giants, 5-4, came out with the same percentage, because they have played fewer games.

The Boston Bees, experts at pronging games into extra innings, conquered the Chicago Cubs, 6-3, when Sebbie Sisti socked a homer in the 11th with two teammates aboard.

Rookie Bill Crouch, who was one of the anchors attached to the bundle of cash Brooklyn gave Philadelphia for Kerby Higbe, pitched four-hit ball as the Phils plastered the Pittsburgh Pirates, 8-2.

The Cleveland Indians maintained their firm hold on the American League lead with their fifth straight victory. They made 15 hits, five more than they had accomplished in any other game this season, to swamp the Athletics, 8-3.

More interest, however, was attached to the St. Louis Browns' beating of the New York Yankees, 3-2, in spite of the three-hit pitching of Lefty Gomez, who previously had won twice without a defeat. El Senor Gomez gave eight walks, forcing in one run with four in the first inning, and in the eighth inning was tabbed for a home run by Chet Laabs to decide the game. Gomez was opposed by 24-year-old Bob Harris, who scattered five hits and had a shutout until Bill Dickey double behind a walk and an error for both New York runs in the seventh.

The defeat dropped the Yankees into third place as the Chicago White Sox curbed the Washington Senators, 3-2, on the seven-hit pitching of Lefty Thornton Lee. Joe Kuhel drove in two of the winners' runs with a homer and a single.

The Detroit Tigers shattered the 15-year-old jinx of Lefty Grove to beat the Boston Red Sox, 5-3, scoring all their runs off the veteran southpaw star in the first three innings. Young John Gorschka hurled eight-hit ball for the Tigers and survived late-inning homers by Ted Williams and Jim Tabor.

LEAGUE MEETING
A meeting of all managers of the church baseball league will be held at the Y. M. C. A. tomorrow night at eight o'clock. This will be the last chance to sign up. Those already entered in the wheel, which starts May 12, are First Methodist, Grace Methodist, Baptist, First Lutheran and Phalanx Fraternity.

Louisville, Ky., April 30—(P)—In spite of his defeat in the Derby trial mile, Whirlaway's Kentucky Derby stock rose as the most unusual find in the memory of the oldest inhabitant was rounded out for Saturday's 67th running of the Blue Grass classic.

Every one of the 12 horses expected to go to the post before an anticipated record crowd of 10,000 at Churchill Downs in this renewal of the chase after the Rainbow of Roses had a "yarn" behind him to make this the "different derby," with any colt in the race given a chance to hit the jackpot.

Whirlaway, hope of Warren Wright of Chicago, was the No. 1 question mark. No one argued his rights to that title after the way he picked up half a dozen lengths to overhaul Tom Bragg's Blue Pair rounding the stretch turn in the trial yesterday, and then tossed away his whole edge—and some lengths to boot—to finish second by three quarters of a length.

Trainer Ben Jones still was confident, however. Pointing out the stretch running little chestnut with the flowing tail probably had in him a half a mile of faster running than any other horse in the field, and that it was up to the jockey to unhook that speed when it counted most, in the stretch. Plain Ben was relying on Eddie Arcaro to do this Saturday. Wendell Eads, who had the leg up on the colt yesterday, had Whirlaway running outside of horses rounding the bend.

SPORTS ROUNDUP

BY EDDIE BRIETZ
New York, April 30—(The Special News Service)—Tattle tales: In six months as welterweight champ, Fritz Zivic has collected \$63,000 for eight fights, which is nice clicking for the lighter division. Bill Terry, who needs in-field insurance, is looking longingly toward Chicago and Billy Herman. Southwestern grapevine says Harry Faulkner, one of the Assistants at Texas A. and M., may get Mose Simms' head coaching berth at St. Mary's (San Antonio). Bay View, winner of the \$100,000 Santa Anita Handicap, will make his eastern debut in the Togogrand Handicap on opening day at Belmont Park.

When and if the big six conference has an opening, the Oklahoma Aggies will have both ears sprained from listening for a bid. Observation Ward: Wallace E. Johnson, coaching the Penn tennis team for his 13th consecutive year, has a 13-game schedule. He was born on July 13 in hospital room No. 313 and he spent 13 days there before he was taken home. Still, the guy expects a good year! Alberta, Manitoba and Saskatchewan are popularly known as the "prairie provinces" of Canada.

Today's Guest Star
John Drohan, Boston Traveler: "The Italian influence on the Yankees is so strong now, what with Joe DiMaggio, Marius Russo, Phil Rizzuto and Frank Crosetti, it wouldn't be diplomatic to ask any of the Yanks out to eat in a Greek restaurant."

More Tattle Tales
Ernie Lombardi's game ankle doesn't require a brace, but he has it taped before each game. The weiseheimers who went overboard on King Cole in the Wood Memorial dropped exactly \$37,488. Tonight's fight winners: Anton Christoforidis over Johnny Romero at St. Louis, and Ernie Vigh to keep everything under control vs. a party named Steve Mamakos at Washington. Larry MacPhail is at Pimlico—Probably looking for a starting pitcher. Jack Dempsey grossed \$2,789 and \$1,400 on two consecutive appearances in Los Angeles. Plenty of magic left in that name, boys. When fans saw Leo Durocher presenting a check to James A. Farley the other day they thought MacPhail was trying to help Jim buy the Yanks. Turned out it was the Dodgers' contribution to a N. Y. charity in which Farley is interested. That was more like it.

Leave It To Uncle
Hank Greenberg need not worry Of curves and change of pace; For Uncle Sam will supervise His getting on a "base." —Bill Fritsch, Allentown, Pa.

The Deuce You Say!
Aldo Spoldi, Italian lightweight will not fight Chalky Wright on a British benefit show—Il Duce's orders. Sorry to report Mr. Joe McCarthy has resumed the habit of chewing tobacco. Wouldn't be Jerry Priddy, would it? Jesse Carver, the former crack Pittsburgh sports writer, now with the Miami News, and Grace Lerow, Chicago golfing-thrush, may play a townsome before the snow flies. Lucky guy, that Carver. Lou Ambers, now a busy laundryman, finds time to give kids weekly boxing lessons over Utica's station WBIX. Ample Simon, who discussed classical music via the ether last night, also crashes one of this week's mags (Liberty) with "I fought Louis with one hand—this time I'll win." Florida papists are running column features on Football Coach Tom Lieb, who is No. 1 in the state's hit parade. In

SPORT SCATTERINGS

After digesting all of the tips on the probable finishing order of the pennant contenders in both leagues, we found that we had completely ignored the Old Maestro, himself. So, breathlessly, we ducked into his private sanctum underneath the Warren National, to which he has retired since Cochran's Barbers failed to win their way into the Elks League roll-offs.

"Confidentially, it looks like the Yanks and the Reds," Denny mused, "but there's nothing official. I've given up predicting, and if you want the straight-from-the-feedbox dope you'll have to ask Bill Warr."

And Bill, alias 'Irsute' Erbort, forecasts the following, to-wit: "Hit appears like the Dawgahs in the National and the Hindians—eight, em's a ball team—in the Hamerican. And then, there's My Own Brucie, 'Im that was best in show twice runnin' at Madison Square."

Golf followers will doubtless see many bearded and creaking old gaffers swinging baffles, mid-mashes and mashie-irons in the National Open this year, now that the U. S. G. A. has offered exemption from the sectional qualifying rounds to all former title-holders. Young sports writers whose knowledge of irons is limited to numbers may have to delve into the volumes of Vardon and Ray and how to call the clubs by name. Unfortunately for the color of the tourney, Bobby Jones refuses to return to competition, but Chick Evans will come out of retirement and The Haig will take a crack at another title. Others expected to be in there battling are Willie MacFarlane, Long Jim Barnes, Francis Ouimet, Billy Burke, Tony Manero, Olin Dutra, Johnny Goodman, etc. Two real old-timers who may be on deck are George Sargent and Freddie MacLeod, who won in 1908 and 1909, respectively.

Yes, sir, you have to hand it to Jake Leidig. Once more he has created enough interest in scholastic baseball to bring some 30 lads out for the high school squad, and although many other schools have given up the sport, the Dragons have found opposition to provide about five games a week. And some of the lads look pretty good in there, especially when you stop to remember that all they know about the game they have learned for themselves. When we finally get the Sunset League machine back in running order, you can thank Jake Leidig for the crop of younger talent which will be performing on the local sandlots.

YEARS AGO IN SPORTS
April 30, 1921—The Spillers took three out of five from the Strikes last night to annex the championship of the Elks Bowling League. Captain Pete Ostergard's strategy in substituting at the right moments was the principal reason for the victory.

April 30, 1931—The Times-Mirror office was honored today by a visit from Barney Oldfield, the nation's No. 1 speed king, who was in Warren on his regular tour among the dealers. He was a guest of the C. C. Smith Co. while in this city.

a year's time, the guy is simply terrific down there.

Calls His Shots

Last January, Wes Fesler, new Wesleyan football coach, told interviewers he was father of "two sons and a daughter to be born in April." Sure enough, little Linda arrived right on schedule. Who's going to win the Derby, Pop?

Observation Ward

Wallace E. Johnson, coaching the Penn tennis team for his 13th consecutive year, has a 13-game schedule. He was born on July 13 in hospital room No. 313 and he spent 13 days there before he was taken home. Still, the guy expects a good year!

KINZUA WARRIORS DOWNED BY SECONDS

The Kinzua Warriors were no match for Coach Leidig's Dragon reserves yesterday afternoon, the Massamen bowing to the local Seconds, 16 to 7.

Notoro with two doubles out of three trips and Frontera with five for three were the big sticks for the Blue and White, while Culbertson led Kinzua with a single and a triple in three attempts.

A big second frame in which the locals batted around for eight runs proved the undoing of R. Peterson who started on the hill for the upriver team.

PROMINENT MAN IN BASEBALL AT JAMESTOWN DIES

Stacy Ross, of Jamestown, one of this section's best known baseball players and managers, died Monday afternoon in a Jamestown hospital, where he has been confined for twelve weeks, undergoing four operations. He was 41 years old, having been born in Kusehqua, December 29, 1899.

Surviving are his wife, Mrs. Edith Carlson Ross; two sons, Eugene and Larry, at home; a sister, Miss Florence Ross, of Kane, and three brothers, Donald, Ross, of Chicago; Walter Ross, of Corry, and Harry Ross, of Kane.

Services will be held from the Youngberg Funeral Home in Jamestown at 2 p. m. Thursday with burial in Kane.

He had lived in Jamestown 18 years. A left-handed pitcher, Mr. Ross started his baseball career at the age of 18. He was with the Milwaukee team of the American Association and several other minor league teams. His Jamestown baseball affiliations were with the late Billy Webb's Spiders. Later he managed and played with several Jamestown Baseball Association teams.

Mr. Ross had appeared in Warren with several Jamestown teams and was popular among the local baseball fraternity. His most recent appearances in this vicinity were at the State Hospital, North Warren, where his teams played on many occasions.

Yesterday's Stars

By the Associated Press
Luke Hamlin, Dodgers—Pitched four-hit ball to beat Reds.
Chet Laabs, Browns—Hit home run in eighth to whip Yankees.
John Gorschka, Tigers—Checked Red Sox with eight-hit pitching.
Thornton Lee, White Sox—Stopped Senators with seven-hit hurling.
Murray Howell, Indians—Pinch single with bases loaded helped beat Athletics.
Sebastian Sisti, Bees—Hit home run with two on in 11th to defeat Cubs.
Bill Crouch, Phillies—Held Pirates to four hits.
Martin Marion and Terry Moore, Cardinals—Former's triple with two on and latter's homer helped subdue Giants.

Dragons Get Fourth Allowing Tionesta But One Scratch Hit

A scratch single over second base which could easily have been turned into a fielder's choice with alert fielding spoiled another no-hit, no-run game for the 1941 Dragons as they walloped the daylights out of Tionesta. High to chalk up their fourth straight.

Dick Kifer went four innings, during which only two men got on base, one by a walk and one by an error, and was relieved by Benign who was touched for the only bingle. Kifer accounted for nine of the dozen putouts during his regime by the strikeout route.

Rouse went all the way for Tionesta and gave up 16 hits while his mates were contributing to the massacre with nine errors.

Arnie Edmiston had a perfect day at bat with a double and two singles, while Dick Johnson and Vic Huffman each picked up three singles in four trips. Kifer clouted a double and a single in three tries. Tonight the Leidigmen meet

TAKE DOUBLES LEAD AT ARCADE ALLEYS

Herb Murphy and Art Christensen rolled 525 and 581 which, with their handicaps, put them in the leadership of the Arcade handicap doubles tourney last night with a new 1232.

Meanwhile Henry Shields and Larry Amy had 565 and 521 for 1209 net which gave them second spot. R. Harvey and R. Adolphson hit 1177 to take over fourth spot.

A. B. C. TOURNEY IS IN ITS FINAL WEEK

St. Paul, April 26—(P)—With only seven days of the 1941 American Bowling Congress tournament remaining, only slight raises were expected in the present low-to-cash totals in the four divisions of the annual blue-ribbon classic. The present figures are: Five-man event 2656, two-man event 1117, individual event 571 and all-event 1790.

Ridgway here and tomorrow night play the hot Falconer high team, also at Russell Field.

HERE'S VALUE—

TO BE TRULY MODERN, A CAR MUST HAVE...

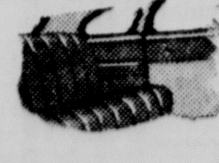

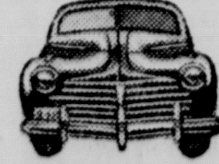

FLUID DRIVE—Power transmitted by one fan-like wheel forcing oil against another. No rigid metal connections. The smoothest, quietest drive ever put in a car. Absolutely jerkless acceleration.

VACAMATIC TRANSMISSION—Hand shifting eliminated in all normal driving. Gear ratios change automatically at your command. Why shift gears? . . . just touch the brake to stop . . . touch the throttle to go again!

SPITFIRE ENGINES—More powerful engines with multiple-jet carburetors . . . separate jets for various speed requirements—a Spitfire jet for extra power—a cruising jet for economy. Coupled with Fluid Drive, Spitfires start in high without the slightest strain.

Forest Fire Burns Over 25 Acres In Pleasant Township

The state forestry service crew, aided by a group of N. Y. youths who did excellent work, yesterday afternoon battled a fire which burned over about 25 acres of slashings in Pleasant township and for a time endangered a dwelling.

The Warren fire department was called to the scene as a precautionary measure. A fire at Pleasant Run burned over three acres with no serious damage, and on Monday the forestry service extinguished two fires near Wildcat Park, Ludlow, which destroyed about two acres, including some twelve-year-old trees.

Meanwhile, the borough fire fighters were busy on a grass fire at Grant and Madison and a rubbish fire on South Marion street. The first call came in at 4:20 and the latter 20 minutes later.

The ministry described the new bombs simply as "some of the latest and most powerful type," saying that they and the showering incendiaries started large fires in the town and its river docks.

Mannheim is one of the principal industrial and commercial cities of southwestern Germany. Attacks also were reported on oil stores at Rotterdam.

The committee also approved a budget estimate of \$6,000,000 for continuation of construction of the Blue Ridge and Natchez Trace Parkways, an increase of \$4,000,000 over this year's figure.

To defray the cost of demobilizing the U. S. Antarctic expedition now on its way home, the committee recommended an additional appropriation of \$19,610 and authority to use an unexpended balance of \$21,000.

Antarctic Air Bases Possible

(From Page One) might be some day, because in flying to Australia you could go by way of Little America. I think the distance from Antarctica to Tasmania is about 1,650 miles, and I think you could fly that way at certain times of the year.

Byrd lashed back at critics who he said had accused him of "taking money from congress and using it for my own ends." Johnson made several speeches criticizing Byrd.

POSTMASTER DIES

East Brady, April 30.—(P)—John P. May, postmaster in this Clarion county community for six years, died yesterday in a Pittsburgh hospital. He was 49.

TWO FOUND STABBED

Pittsburgh, April 30.—(P)—A couple identified by police as Herbert Penn and his wife, Effie, were found stabbed to death today in their South Euclid avenue home in the east end. Police reported a knife was sticking in Penn's heart. The two were found by a sister of Penn.

GASOLINE PRICE DROPS

Oil City, April 30.—(P)—Gasoline prices dropped to 13 cents a gallon here today, the same rate that has prevailed in Franklin for the last week.

Louis, Ky., April 30.—(P)—A man who "couldn't sleep for three months" signed a confession today, County Attorney M. J. See said, that he had placed in an automobile dynamite which killed the daughter and son of the Scranton, Pa., director of health last November 7.

Warn U. S. To Avoid War Zone

(From Page One) bat zones by any executive order and that they would operate anywhere deemed necessary for hemispheric defense, but said that did not mean navy units are going or would go into the European combat zone.

"The matter has been taken up by the press and other sources," declared a categorical declaration with reference to combat zones. It was pointed out that it was not a question of whether these zones were recognized or not, but we declared whoever goes there will be torpedoed. This means any ship under any flag.

"Whether Mr. Roosevelt goes into the war zone or not, that does not change our categorical declaration or its consequences."

This source made no direct reference to the oft-quoted Hitler remark in his speech Jan. 30 to the effect that any ship England-bound whether conveyed or not would be torpedoed if it came before German torpedo tubes.

Washington, April 30.—(P)—Warships of the United States navy, patrol bombers, and in all probability carrier-based aircraft, are already playing a vital role in patrolling ocean stretches which figure in Britain's "battle of the Atlantic."

This assertion was made after President Roosevelt's flat statement that American naval vessels were not prohibited from entering combat zones by any executive order and that they would operate anywhere deemed necessary for hemisphere defense.

Mr. Roosevelt, in telling this to his press conference yesterday, said that it did not mean that navy units are going into the European combat zone or that they would go in.

Nevertheless, apparently informed sources said it would be no surprise to them if the navy's patrol aircraft has been covering at least portions of area included in Germany's recent extension of her counter-blockade zone westward.

They mentioned specifically that part of the counter-blockade zone which stretches from Iceland almost to the coastal waters of Greenland, where the United States has acquired defense base privileges. This has been a danger area for British shipping.

The potential effectiveness of the whole far-flung surface and air patrol is so great in the opinion of these sources, that it may make the convoy question a dead issue.

Two proposals aimed at preventing the navy from action today in the Senate foreign relations committee, but administration forces were confident they had the majority to shelve both of them.

Strategists who took a last-minute poll reported that not more than nine of the 23 members would vote to approve either proposal in an effort to bring it to the Senate floor.

Evidence of Axis interest in the wide patrol system was not at all forthcoming. Several hours after Mr. Roosevelt's poke, Kih Shi, director of the official board of information at Tokyo, spoke of the Atlantic patrols as "but one step from war."

Compromise Is Near On Seized Foreign Ships

(From Page One) "theoretical" position that the seized vessels were still subject to capture as enemy property if caught at sea.

The "realistic" approach calls for recognition of the right of the United States and other hemisphere republics to seize foreign vessels immobilized by war and use them to "promote x x x the peace and security of the continent." This is the right already claimed by the inter-American economic and financial committee representing all the American nations.

The American nations, on their part, would agree to negotiate for the sale or charter to Britain of such "surplus" vessels as remain after enough of the seized shipping has been set aside to meet the requirements of inter-American trade, where a ship shortage exists.

Viscount Halifax and Sir Arthur Salter, chief of the British shipping mission here, discussed the foreign ships question—including the compromise proposal—with Undersecretary Welles yesterday.

Borough Teachers' Group Ends Season With Entertainment

Warren Borough Teachers' Association members, wives and husbands totaling about 100, gathered in the Beatty school last evening for a very enjoyable cabaret party and entertainment, the last planned social event of the group's schedule for this school year.

Herbert D. Harris, principal of the Beatty building, was a capable master of ceremonies and introduced the various acts planned by schools and individuals.

South and Home street teachers presented a humorous radio program under the chairmanship of Miss Mae Moran. This was followed by two pantomimes. Lacy group presented "The Horse That Went to the City," with Miss Ellen Thompson as leader and Beatty pantomiming "Pokey Hunter" under the direction of Mrs. Leslie G. Forbes.

"The Gay Nineties" was the theme for high school's dramatization of songs led by Miss Helen Vaughn and Jefferson teachers flashed photographs and snapshots of association members and their wives, planned by Miss Grace Bell.

Much amusement resulted from the presentation by Henry Summers of "Peliza Hopkin" during which gifts were given various individuals in the group. This skit was written by Mr. Summers and S. M. McClure.

These acts were interspersed with group singing led by Mr. Harris, with Mr. Summers providing piano accompaniments. "Dancing Dolls" was a pleasing feature handled by Miss Margaret Fleming and Miss Lorraine Hankless.

The committee for this pleasing function was composed of Miss Cecelia Burch, chairman; Miss Guinevere Knapp, Miss Millie Kopp and Carlton Kurz. Waitresses were Miss Margaret Ingham, Miss Frances Peterson and Miss Claire Elliott.

The cabaret theme was carried out in table decorations and serving by candlelight. The amplifying system used was loaned by the Turner Radio Shop and flowers were by the courtesy of Ekey's.

St. Joseph Players Put the Finishing Touches To Comedy

With dress rehearsals in the offing, a group of talented St. Joseph Players add the finishing touches to "A Lady to See You," their last public production for the 1940-41 season. This delightful three-act farce will be presented on Thursday and Friday evenings, May 8-9, in St. Joseph's Hall.

"A Lady to See You" is the latest product from the pen of Jean Lee Lathan, talented playwright, who wrote "Broadway Bound," spring production of St. Joseph's Players last year. In this latest play, Miss Lathan offers one of the most humorous vehicles of the present day.

It brings to light a galaxy of tempting situations, a gay tangle of mix-ups that will arouse the audience to a high pitch and keep it chuckling. Through all this will unfold the pleasing tale of Gerald Donovan, the man who had the misfortune to have a noisy mother-in-law.

In a world that is full of trouble and misunderstandings, the St. Joseph Players bring this laugh treat, with its light, airy theme, to alleviate the tension caused by blaring headlines of European war. Within the walls of the hall a mirthful atmosphere will prevail, where people can take temporary refuge in a full evening of entertainment.

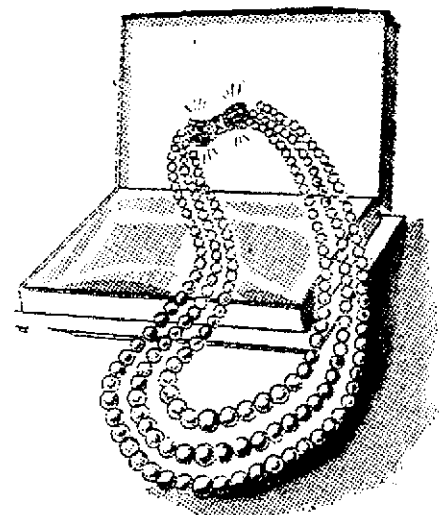

"A Lady to See You" has met with instant success by numerous little theatres throughout the country. It has been hailed as a side-splitting comedy that kept audience in a state of giggles and guffaws from the curtain to the end.

The people of Warren will be given the opportunity of seeing this unusual play when the St. Joseph Players give its premiere in northwestern Pennsylvania in the second week of May.

Bernice E. Siefert Becomes the Bride Of Terrence Martin

Bernice Eleanor Siefert, daughter of Mr. and Mrs. George W. Siefert, Follett Run, became the bride of Terrence Reece Martin, son of Mr. and Mrs. Gerald P. Martin, 106 Russell street, at 3:30 o'clock Tuesday afternoon in the First Baptist church.

Rev. James A. Davidson, pastor, performed the ceremony in the presence of the immediate families and intimate friends.

The bride was attired in a navy redingote with white accessories and wore a corsage of gardenias. Her only attendant was her sister, Miss Margaret Siefert, who wore navy with pink accessories and a corsage of pink rosebuds.

Troy W. Martin was his brother's best man.

A reception followed at the Siefert home with pink and white appointments prettily carried out at the bride's table.

Following a Canadian wedding trip, Mr. and Mrs. Martin will reside at 106 Russell street. Both are well known locally and both are alumni of the local high school. Mrs. Martin is employed by Dr. W. R. Bairstow and Mr. Martin is an employee of the United Refining Company.

A number of lovely shower parties have been given for the bride-elect, her hostesses including Mrs. Lillian Simmons and Miss Berdesa Green; Mrs. Lois Baker; Mrs. Mary Downey; Mrs. Donald Curtis; Mrs. George Look; Mrs. Robert Siggins; Mrs. Ralph Loree.
